Stand Aside

It's March 5/6, 2011, and once again Auction of the Stars (AOS) is as usual pushing the frontiers. Pushing the frontiers in terms of young stock who embrace performance genetics perhaps more than ever before in the world, pushing the frontiers in terms of understanding the realistic likelihoods of which individuals have a future pathway with the scope to go to Olympics and/or World Championships, pushing the frontiers in terms of training programs that are realistically accurate and afford the riders the opportunity to experience personal presentations nearing their potentials.

It is seriously our belief that most riders start out with the potential to perform at the Olympics. This is just one of the potential outcomes of perhaps millions of various outcomes that every normal horse rider will naturally inherit and start life with. Most riders never realise this but nevertheless try and protect and nurture an Olympic outcome.

One of the major short-falls in our opinion is lack of opportunity. However ... everyone grabs this line, "that they never did have the opportunity" and so go through life somehow feeling slightly justified in the fact they never did go anywhere near their dreams or potentials.

At the risk of unwelcome truths, we would certainly point out that at every Olympics there will be: single mothers; riders who have little or no wealth; riders who come from the wrong side of town; riders who inexplicably are blessed with little or no natural talent.

At an Olympic Games we would suggest to you that there is quite a considerable population of riders that fit into the above categories.

For a rider, the most important "opportunity" needed to allow for the development of one's full potential is a compatible partner. When we say compatible partner, we are talking about a horse that is compatible with the rigors of training for the Olympics. In the past these horses have tended to exist as a result of luck, hybrid vigour or some other inexplicable set of circumstances.

Stand Aside

Today, the carefully bred youngsters offered at this auction will increase your chances significantly. We would argue really, really significantly. The horses that we present here are bred for generations to perform at an Olympic level.

When breeding from performing parents it is scientifically accepted that there is about 30% inheritability. So when the sire and dam and grandparents and great-grandparents have performed at a serious level, the likelihood of a suitable youngster capable of partnering and so accessing "opportunity" is well and truly over 50%. On the flip side, however, realistically less than 3% of the total ridden horse population make it to Grand Prix.

Usually the rider gets the blame, however, when you look at these statistics you would have to consider the possibility that historically the lack of Grand Prix riders was due to a lack of horsepower. Supporting this observation is an assessment of all the horses at any modern day Olympics or World Championships. Most of the horses are today bred for the job, from just a small number of established stallions like Donnerhall, Rubinstein, Jazz, May Sherif, Florestan I, Flemmingh, Gribaldi, Ferro, Magini, Angelo. Perhaps just 10 or so!

However, most of the popular stallions producing licensed stallions and young dressage horse class winners do not figure at the major championships. Grouping genetics to perform at the top, although obvious, is still relatively rare!

2011 Auction of the Stars at the VEC presents a group of young horses with a genetic grouping compatible with performing at the Olympics. This auction will find youngsters representing those genetics passed on by those previously mentioned 10 Olympic bloodlines. Good luck.

The Directors, Heath & Ann-Maree

Pic by Peter Stoop

Black Grand Prix stallion 16.3hh 1996

Regardez Moi had a huge year in 2010 – it was the year he repeated his feat of 2008-9 to once again become the reigning Australian Grand Prix Champion, in fact winning not only the Grand Prix but indeed every class in which he competed at the Australian National Championships. This followed a huge year in 2009 where he represented Australia at the World Cup Dressage Finals in the USA at Las Vegas, the first of what we hope will be many Australian representative honours for Regardez Moi, now aimed at the London 2012 Olympics. At home Regardez Moi has been having great success with his progeny. At one of our interstate auctions five Regardez Moi lots sold at an average of \$17,950.00!! This has to be some sort of Australian record. The Regardez Moi youngsters are showing great talent for piaffe and passage and are likely to find Grand Prix relatively easy. We promote the statistic that only 3% of the horse population has a vocabulary of movements that allows them to have the potential to do Grand Prix. Regardez Moi was born for this. Live cover only.

AEA METALLIC

STANDING AT AEA BURONG, WOODEND,

Bay stallion 16.3hh 29/05/01

The legendary AEA Metallic has proven himself to be an inspiration for the dressage sport in Australia as a top class performer as well as siring some of the most outstanding moving foals ever bred in this country.

Since his arrival in October 2005 Metallic's performance has gone from strength to strength and he started Prix St George at just six. El lost a year of competition but nevertheless Metallic had wins at medium and advanced at the Westernport Championships in early March 2009. We are expecting him to do Grand Prix within a year because everything comes so easy to this super-talented stallion. An awesome mover with a powerful, elevated and cadenced trot, he not has only a front leg with that rare knee action, but also an extreme active and powerful hind leg. The canter is just out of this world. So huge and big off the ground! The walk has a very big over track and just super impressive. Genetically, Metallic has been very much performance bred, by Metall who is by the Dutch black pearl in breeding Olympic Ferro, three times team silver winner including at the Sydney Olympics. Bay FEI stallion 16.3hh 1996

Jive Magic has at long last become a full-blown Grand Prix stallion. His final hoorah in the small tour was the Sydney International CDI Show in May 2009, winning every class against huge fields, including PSG, Inter I and Inter I freestyle. He also won award for the highest score for any horse in any class over the whole weekend!

From there he ventured into his first Inter II class and won. Rozzie was heartened by this, and at his first Grand Prix he was third. He won the next one. And at the next one he won again! And do you know what? The general consensus is that Rozzie and Jive are going to be very difficult to keep out of the Australian team at the World Equestrian Games (WEG) next year in the USA. Youngstock by Jive Magic at home have been having great success - his very first-born foal was sold at auction in Melbourne for \$10,000.00 + gst, called Jeff the Chef. Today Jeff the Chef, 7yo, is Advanced Dressage Champion of the USA with Silva Martin. At the National Dressage Championships 2008, another Jive youngster, Karingal Anastasia (Tor Van der Berg), owned by Sharna Glover and bred by Karen Tracey, was not only the Australian Elementary Champion but also the Australian Medium Champion! Jive Magic has become a serious blue chip investment for those mare owners who backed him early. His progeny are very much sought after and most top riders in Australia have youngsters by either Jive Magic or Regardez Moi or better still, youngsters which are a mixture of both stallions!

Bay stallion 16.3hh 2002

Romance is an exciting stallion by Regardez Moi, who has set the dressage scene alight, being reigning national Grand Prix champion and top 10 World Cup dressage final in Las Vegas this year, while looking to be on the WEG team in Kentucky next year. Mixed with his outstanding Rubenstein and Donnerhall pedigree is Lanthan (dec), a black 16.2hh stallion (German, imp). Lanthan sires beautiful, elegant, modern warmbloods renowned for their temperaments and talent in both dressage and showjumping. Romance marks the dawning of a new age in dressage, following in his father's footsteps and winning and placing with up to 78% and winning horse of the year titles. Romance has just begun advanced level dressage and is training piaffe, passage and one times. He has an even, regular walk with a clear rhythm, a trot with Grand Prix written all over it, while the canter right from the day he was born had magical talent – what would be collected for any other horse is something Romance can do on a loose rein, with great expression. Extremely intelligent, our biggest problem is keeping him amused without training him too quickly since he never says no, and usually tries to find something harder to perform! Romance is a beautiful and obviously upstanding individual - closer analysis makes him incredibly exciting from a technical point of view and we feel that he is part of a dawning age of dressage in Australia. Rapunzel R

ON ACCOUNT OF RYANS

Pic by Peter Stoop

Black mare 30/08/02 PPT to Starnberg (imp) LFG

Rapunzel R is an absolutely drop-dead amazing broodmare. She was lightly broken-in and ridden as a 3yo. She is the most exquisite mare and would be very comfortable at any agricultural Royal Show in the champion hack class. However, Rapunzel R shows her ace card once she moves. Walk is regular, deliberate and four-beat with great overtrack, the trot just explodes around the arena and will make even the cynics draw breath. Huge gravity defying power, ballerina elegance and artistic poise. Balance that is just never-ending and a metronome type rhythm that leaves everybody mesmerised. Serious paces! Ahh yes, and then comes her breeding. Rapunzel R is by the Australian Grand Prix Dressage Champion 2008/2009 and champion again 2010/2011, Regardez Moi. On the dam's side Rapunzel R is out of Melissa R who is by the Grand Prix stallion Richmeed Medallion. Richmeed Medallion in turn is by the Dutch legend May Sherif who sired Andiamo for Germany and Matador for Finland, both of whom won World Cup freestyle finals. This feat has never been repeated. Right down the bottom is Salute who is the sire of Victory Salute, ninth in the world at the recent World Equestrian Games. Finally, Rapunzel is in foal to the licensed young Sir Donnerhall stallion Starnberg, due 26/10/11.

ON ACCOUNT OF RYANS

LOT
2

Bay filly 12/09/10

Juliet R represents an amazing cocktail of international bloodlines. The sire, Jive Magic, has a presence that is surging across Australia and he is fast becoming recognised as a super exciting Grand Prix horse. Jive Magic represents the Jazz bloodline, which has turned into a Dutch dynasty and pretty well impacts at every major international dressage competition, Olympics and World Championships. Juliet R's dam line is equally as impressive with Wham R coming from the Weltmeyer dynasty that has swept Germany for the past 15 years. On the bottom line of Wham R comes the Grand Prix stallion Richmeed Medallion who himself represents the Danish May Sherif dynasty. Today May Sherif is still the only stallion in the world to produce two World Cup freestyle winners – Andiamo ridden by Sven Rothenberger for Germany and Matador ridden by Kyra Kyrklund for Finland. Juliet R herself is compact, has big well-defined paces and is naturally turbo charged. This is a very powerful filly who will immediately demand attention. The dam of Juliet R, Wham R, has produced two fillies, which have been retained by Ryans as broodmares, a sister to Juliet R, Jam R by Jive Magic and Ricochet R by Regardez Moi. At the 2010 Victorian AOS auction last year a half-brother to Juliet R, Roundelay R by Regardez Moi sold for \$16,775. Juliet R is bound for stardom!

Bay colt 03/11/10

Jolly Good R is out of a very young mother in Raggedy Ann R and he is only her second foal. Jolly Good R's full brother and first foal for Raggedy Ann R was called Jubilation R and he sold through the AOS 2010 Boneo Park auction in Victoria for \$16,500. Jolly Good R is a beautiful type, a great rounded well-developed top line, a very pretty head and a super nature. Moving, he has great bend in his hocks and a very up in front way of going both in trot and canter. The sire, Jive Magic, is considered as one of the most exciting Grand Prix horses ever in Australia. He is also considered the most powerful Grand Prix horse currently on the circuit and certainly the London Olympics in 2012 is where Jive Magic is currently focused. The dam, Raggedy Ann R, is by Regardez Moi who is pretty well recognised as an Australian legend as far as Grand Prix dressage horses go and is currently the reigning Australian Grand Prix Champion. Raggedy Ann R is out of Melissa R who is by the grand prix stallion Richmeed Medallion and Melissa R is out of Sojourn who in turn is by Salute. Of course Salute is the sire of Victory Salute who has just recently come ninth at the World Championships in the USA with Brett Parbery in the saddle. For those of you who are astute you will realise that this write-up and that of Rapunzel R are very similar since Raggedy Ann R and Rapunzel R are full sisters.

Tom Foolery

ON ACCOUNT OF ALMEC PTY LTD

Grey colt 23/12/09

This is an eye-catching yearling colt. He is a purpose-bred performance horse being 25% Irish draught and 75% TB. He will have size and substance, good bone yet not coarse. He is well put-together and well-balanced. He already displays big, bold paces with good use of his hocks and he is very elastic. He has a very agreeable and laidback nature. His sire, Gwaihir's Zodiac, was a successful eventer (Heath Ryan, Boyd Martin) until injury cut short his promising future. He is now siring talented progeny, including Haruzac (Christopher Barton), already winning at two star and about to start three star. Gwaihir's Zodiac is by the Italian import Zadkine (Laurie Morgan 1960 team and individual gold medallist, Rome Olympics), who carries the proven jumping lines of Grey Sovereign. Gwaihir's Zodiac's dam is from the Agricolo line (sire of Vicki Roycroft's Apache). Tom Foolery is the first foal for his dam, Celtic Shenanigan, who enjoyed dressage before showjumping with Grant Hughes. She is by well-known imported Irish draught Branigan's Pride (Murray Lamperd). Pride was not only a successful dressage horse and showjumper, but sired international level horses in the same fields. He was selected by the South Australian police to be included in their breeding program due to his outstanding temperament and trainability.

Frosty Morning R

ON ACCOUNT OF RYANS

LOT

Pic by Peter Stoop

Bay colt 20/10/10

Fiji R is fast developing a reputation for throwing very good looking foals, almost feminine, who are very quiet and who really, really move. Frosty Morning R has all of this AND has also inherited from his Jive Magic mother, power and scope to burn. He is a fascinating study of a beautiful blend of two very different lines. Both of these lines, the Florestan I line and the Jazz line, are legends in their own right the world over. Interestingly, there are very few examples in the world of these two lines coming together and producing a genetic mix. Frosty Morning R is a sensation. He is very petite with a finely chiselled face and a beautiful big star in the middle of his forehead. He moves with the grace of a ballerina, however he also has great technique from behind and comes off the ground in defiance of gravity. Fiji R who is the sire of Frosty Morning R is by Florencio who was the World Young Horse dressage champion as a 5yo and again as a 6yo. On the dam's side Frosty Morning R is out of a Jive Magic mare, Just Morning R, who in turn is out of a Richmeed Medallion mare. Both Jive Magic and Richmeed Medallion are or were sensational Grand Prix competition stallions. Diamond Delight, the great grand-dam right down the bottom, is by Don Ramiro who was the most sensational young dressage stallion under Heath Ryan before being sold back to Germany. Diamond Delight is in turn out of a Salute mare! Frosty Morning R is so modern and so beautiful.

Jarrah is being presented under saddle which is unusual for the AOS March auction. Our major presentation of ridden horses is in November at Heatherbrae NSW. Nevertheless nothing ventured nothing gained. So Jarrah is something of a guinea pig on this account and we have been very careful to select an outstanding youngster to test the water. Jarrah is a stunning looking young specimen with super conformation. He has a really sweet head, a great neck set high on good shoulders. He is short through the back and has powerful hindquarters. When he is being ridden he is extremely soft through the poll and folds on to the bit with the lightest of contact. He has natural head and neck carriage, uses his back softly and is a pleasure to ride. Jarrah already does shoulder-in and leg yield, has done some counter-canter and presents the basic paces of walk, trot and canter in a very steady and balanced manner. In actual fact at home Jarrah is a sensation! On 6th February 2011 Jarrah will embark on his dressage career competing for the first time at Singleton Dressage day in the Hunter Valley, NSW. Jarrah is by Jive Magic who is looking forward to a monster year this year in terms of Grand Prix dressage competition results. He is already accepted as one of the most promising Grand Prix horses ever in Australia. Jarrah is out of the Salute mare Samphire. Salute is of course the sire of Victory Salute who with Bret Parbery in the saddle has just come 9th in the world at the World Equestrian Games.

Powderfinger R is a very unusual youngster with a number of strings to his bow. He is a tall youngster with great balance and natural suppleness, paces to burn and a very watchful mind that is not easily flustered. He is in actual fact very, very quiet. Powderfinger R is by Promise R, who few people know about. Promise R is a young stallion schooling with Heath Ryan and on his sire's side he carries the Silvano N blood. Silvano N was the anchorman for the Dutch dressage team at the Sydney 2000 Olympics. Silvano N actually started his life as a showjumper and was talented and successful at a high level before specialising in dressage. On the dam line of Promise R is Flemmingh. Flemmingh is very famous in Holland for starting out as a jumping sire and then becoming better known as a dressage sire after producing Grand Prix dressage horses such as Krack C (Anky van Grunsven) and Ling (Edward Gal). On Powderfinger R's dam line is Song R who is by Sanction. Sanction is the sire of Flame who with Heath Ryan won numerous major three-day events including the Adelaide event, the only 4-star event in the southern hemisphere. It is interesting to note that Sanction is out of Sasha who is by Sir Dane. Sir Dane was also the sire of Stirling Shade who with Heath Ryan in the saddle was twice the Australian three-day event champion. Powderfinger R is going to jump! – is going to do dressage!
