Auction of the Stars in Sydney

This year our annual Sydney Auction of the Stars is at the very beautiful and exclusive Sydney Polo Club at Richmond, just 50-odd minutes from Sydney Airport. This year, the auction includes three spectacular broodmares. One of these is Stirling Savannah, older but in foal to Byalee Briar and she does represent one of the last Salute mares available. Remember, Victory Salute, now ranked in the top 10 Grand Prix dressage horses in the world, is also by Salute. Stirling Savannah is also famous for being the dam of Australian Grand Prix dressage champion Byalee Magic. Also in the broodmares is the magnificent-moving 3yo Joyful Morning R, who is a collection of the best dressage bloodlines in the world.

The main thrust, however, is all about amazing youngsters, an opportunity to buy, at a much-reduced price, horses that represent the best quality available in Australia. The sires of these amazing youngsters include: **Regardez Moi** (imp), Australian Grand Prix dressage champion, **Furst Love** (imp), **Samarant** (frozen semen), **Highlight Australia** (imp), **Royal Hit** (imp), **Jive Magic** (imp), **Wolfingham Dalziel**, **Whisper IV** (imp), **Don Frederico** (frozen semen), **Fiji R** (imp), **Lauries As** (imp) and **Promise R**. These stallions pretty well represent most dressage bloodlines in the world of any significance.

Amongst these youngsters will be individuals that are very quiet, very trainable and will offer enormous pleasure to any rider including those that ride for recreational and enjoyment. On the other hand, some of these youngsters are born with souls that naturally sing and have an inner synergy with a prima ballerina or Olympic performances.

Finally these are especially selected ridden horses. This section mainly represents the dressage and jumping disciplines and includes Jackman R, 8yo, black, four white socks and pretty well onto all of the Prix St Georges movements. Jackman R is outstanding for his handsome looks and soft temperament, making him suitable for not only a competition rider but also the recreational rider who yearns for something special.

Sydney 2011

FORWARD

Conversely, Rogue Trader R is a big, beautifully bred dark chestnut, just 4yo. Rogue Trader R has already started his competition career with a multitude of wins and scores over 70%. This is one of those youngsters for the soaring soul and a destiny to be the best. In between these two representatives are horses like Princess, a black mare by Regardez Moi out of a stockhorse dam, who although just 4yo is so quiet she can be ridden by beginners and who is just beautiful to look at and beautiful by nature. Princess would be just as happy in the hack ring, or a led class, or a dressage arena, or cantering over little ditches and water splashes and banks on a cross-country course. Although Princess does have talent her nature makes her highly suitable for almost anybody.

In addition, the auction traditionally starts with one service fee to six Auction of the Stars stallions, which are offered with no reserve. Regardez Moi (imp) normally stands at \$3850 but in the auction situation it has been known for this service fee to be purchased for as little as \$1500. The other five stallions offering an unreserved service fee for auction include Jive Magic (imp), Byalee Romance, Byalee Briar (imp), Fiji R (imp) and Starnberg (imp). The auction does cover 2 days starting on Saturday June 25 at midday, when the young horses are led in individually and freeschooled in their initial presentation to the public. Of course, this is a dress rehearsal and lets us see how each youngster handles the arena and circumstances, plus allows us to check all of our sound gear, the co-ordination of staff and the timely presentation of each lot. For a potential buyer, however, seeing the horses and how they handle the atmosphere and facilities first up does provide insight into the character of each horse.

The parade will finish by 2.30pm and the ridden horses will then come into the arena in groups. The horses will be shown off by their vendors for 10 minutes or so under saddle, and members of the public who are interested in trialling these horses will be invited to come forward and have a ride. Each group lasts for about 30 minutes only. Of course some people will be organised enough that they will have trialled the horses in the week or so leading up to the auction.

Nevertheless watching the horses being ridden by other riders, and also riding the horses in an environment that they are not so used to, does represent an opportunity to have insight into the character, temperament and the long-suffering aspect of each horse.

For some people it is a little intimidating to ride a new horse in front of other people. This is understandable, but we do promote the fact that if you are not prepared to look after your own interests, then it is highly likely no one else will! At the end of the day, the worst thing that happens, in these trialling situations, is that people feel self conscious and somewhat embarrassed. In the cold light of day, that's not a good reason to stop you, from doing something you love. Most people do overcome this embarrassment, phenomenon, when they rationalise it like this. This trialling is not a schooling session, rather just a familiarisation session.

It does happen that occasionally a nice-looking horse does not feel nearly so good once you get on and have a ride. We would just recommend that you get off after a little ride, be polite, and write on your catalogue, not for you. Of course, the opposite does happen sometimes as well, and a horse that did not catch your eye in the catalogue, actually rides unexpectedly well. In that case, we would encourage people to make a positive comment on their catalogue and follow up a little later by talking to the vendors to research further details.

There are a number of ridden horses and people searching for a horse will often trial a few, or why not all of them? In this case, one horse will blur into the other so making notes on your catalogue to keep your thoughts straight is important. The trialling will finish by 4pm, then the six Auction of the Stars stallions - Regardez Moi, Jive Magic, Byalee Briar, Byalee Romance, Fiji R and Starnberg - will all come in one at a time and do a 10-minute presentation. The stallion parade will take about an hour and by 5pm there will be a free sausage sizzle and glass of wine available!

FORWARD

Now that is the “quiet” day. Sunday June 26 is action packed starting at 8am sharp, with trialling of ridden horses until 9am. From 9am until 11am, the parade of youngsters is repeated and by now, the Auction of the Stars team will be starting to present in a very professional manner (hopefully). Come 11am and we present our traditional masterclass which involves all of the Auction of the Stars stallions. In this presentation we talk about the training of the dressage horse from the very beginning right through the different grades to the end product – the Grand Prix horse.

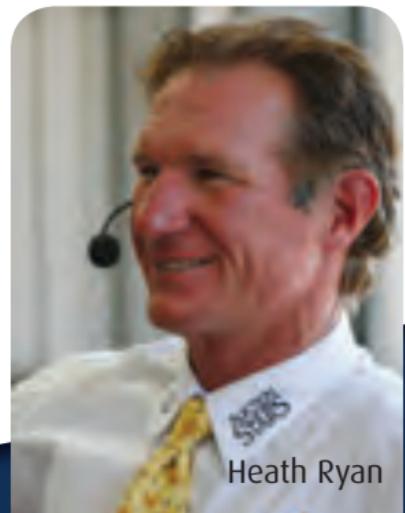

The stallions we have, do represent different positions in the pathway to Grand Prix, and just what we are doing, and how we are trying to achieve the next step is all part of the masterclass. Rozzie Ryan traditionally does a Grand Prix freestyle performance to music on Jive Magic and Heath Ryan, riding Regardez Moi, will traditionally talk his way through the obstacles a rider needs to overcome as they navigate their way through the Grand Prix dressage test. The masterclass is expected to finish around 12.30pm. The auction will start at 1.30pm. We will be congratulating ourselves if we can get the last lot through the auction by 5.30pm.

The auction itself is magnificent entertainment and at times very moving when bidders battle it out for ownership of individual lots. The howls of delight from a successful buyer make even the hardest of souls soften and smile. Without a doubt, whether people are successful in securing a new horse, or if people have come just to watch and be entertained (which they are very welcome to do), all will go home acknowledging that a group of horses of the highest quality has just changed hands. These will be two days, free of charge, that will make up for a fascinating experience.

Wishing everyone two great days

From the Directors

Ann Maree Cambridge and Heath Ryan

LOT A

Black Grand Prix stallion 16.3hh 1996

Regardez Moi had a huge year in 2010 – it was the year he repeated his feat of 2008-9 to once again become the reigning Australian Grand Prix Champion, in fact winning not only the Grand Prix but indeed every class in which he competed at the Australian National Championships. This followed a huge year in 2009 where he represented Australia at the World Cup Dressage Finals in the USA at Las Vegas, the first of what we hope will be many Australian representative honours for Regardez Moi, now aimed at the London 2012 Olympics. At home Regardez Moi has been having great success with his progeny. At one of our interstate auctions five Regardez Moi lots sold at an average of \$17,950.00!! This has to be some sort of Australian record. The Regardez Moi youngsters are showing great talent for piaffe and passage and are likely to find Grand Prix relatively easy. We promote the statistic that only 3% of the horse population has a vocabulary of movements that allows them to have the potential to do Grand Prix. Regardez Moi was born for this. Live cover only.

LOT B

Pic: Jody M Photography

Palomino stallion 17.1hh 2004

Byalee Briar is an amazing opportunity to acquire a highly sought-after European pedigree - Bjorsells Briar 899 has long been the world's number one dressage breeding stallion! He is a legend! On the dam line, Byalee Briar is out of a Bernstein mare. Bernstein is a Swedish warmblood stallion, sire of many approved stallions, again with a pedigree that has proved itself in the ranks of Grand Prix in Europe and the US. Bernstein also sired Madonna, the winner of the national Swedish finals for four-year-olds, and won the Breeders' Trophy for 5- and 6-year olds. He was himself stallion of the year in dressage in Sweden in 2001. Together these bloodlines have now produced an exciting stallion! Byalee Briar is just beginning to develop what will be an amazing competition trot. He has inherited Briar's incredible uphill canter with strong shoulder and knee action, and shows that ever-essential correct walk. Byalee Briar is already winning annual championships at preliminary level, so quiet he can be campaigned by a teenaged pony clubber in the EFA ranks, and his babies are friendly with great conformation and amazing movement. He jumps, practises polocrosse, and rides out like a gelding babysitting the young horses. Byalee is thrilled to be able to offer these wonderful bloodlines live in the Southern Hemisphere. As a bonus, Byalee Briar is a palomino, with the colour dating back eight generations of Swedish warmbloods. Live cover only

Fiji R

STANDING AT RYANS, HEATHERBRAE, NSW

Pic: PeterStoop@exemail.com.au

Black stallion 16.2hh 01/07/04

Fiji R is an exciting young imported stallion campaigned and trained by young rider Breanna Tilitzki. Breanna has had great success with Fiji R, winning with scores over 75%. These scores have been posted at major competitions including Sydney competitions. Fiji R has now started competing at medium level and to date is undefeated, again posting big scores in the high 60s and low 70%. This in itself is quite a phenomenon! Fiji R has the quietest of temperaments which he passes on to his foals and makes him an absolute delight at competitions. Fiji R has quite remarkable paces with a very distinctive walk. Trot is fully suspended with a definite ballerina poise between beats. Canter is beautifully balanced and uphill with super easy flying changes. Fiji R is sensationaly bred with his sire Florencio being both the 5yo and again the 6yo World Champion young dressage horse. Florencio I is by Florestan I who has emerged as one of the recent very important dressage lines in Germany and who has a number of Olympic offspring to his credit already. On the dam line is a mix of Trakehner through the very famous Hohenstein and thoroughbred through the Hill Hawke line. The Hill Hawke line has become famous as a dam line by also being the dam line of the Welt Hit line. Many of the top Australian riders have a Fiji R youngster growing out in their backyard for the future including riders such as Rachael Sanna.

LOT D

Pic: PeterStoop@exemail.com.au

Bay FEI stallion 16.3hh 1996

Jive Magic is often referred to as the most powerful dressage horse in Australia. Jive Magic has absolutely explosive extensions coupled with a wonderful interpretation of piaffe and a smooth as silk transition into a passage which is full of bend and coiled power and harmony. Jive Magic is bred to do this and unbelievably his younger brother, Chatham Park Jac under Rachael Sanna, has already represented Australia in the Dressage Team at the World Equestrian Games in Aachen 2006.

Jive Magic is by Jazz who is currently the number one dressage sire in the world today and is also the sire of Dutch dressage sensation Parzival ridden by Adelinde Cornelissen. On the dam's side, Jive Magic comes from Landadel who was the sire of both dressage horses and show-jumping horses at the 2000 Sydney Olympics. Right down on the bottom line is Aktion who represented Poland at the 1996 Atlanta Olympics and actually scored 10's for his piaffe and passage. Little wonder the first of Jive Magic's offspring are almost immediately making an impact on the competition arenas around the world. At last year's Sydney CDI Jive Magic danced his way through the Grand Prix test to convincingly defeat the best horses Australia has on offer. Jive Magic's current program is aimed at making the Australian dressage team for the 2012 London Olympics.

Starnberg

STANDING AT RYANS, HEATHERBRAE, NSW

LOT E

Pic: PeterStoop@exemail.com.au

Black stallion 16.1hh 2005

Starnberg is an exquisite imported 30-day tested German licensed stallion. He was selected and bought by his owner/rider Pamela Maine. Starnberg is a light, elegant, modern warmblood and has the most beautiful conformation. The Starnberg foals are creating a real stir and seem to be inheriting their fathers beautiful temperament and extraordinary good looks. Starnberg himself has massive overtrack in his walk, a truly exciting trot that shows talent for collection and indeed piaffe steps, and an explosive natural affinity with expansive passage and extensions. The canter is beautifully balanced and light. When ridden quietly the canter is a ladies' delight being super collected, extremely comfortable and ever-so-light in the hand. However, when ridden energetically in a competition production Starnberg comes alive with very expressive front leg action and great hock action all being presented in a beautiful round outline with the steadiest of head carriages. Starnberg's flying changes are a party trick and even at this very young age he is already showing talent for tempi changes. At the recent Sydney CDI dressage show in April 2011, Starnberg took part in the stallion parade and showed off canter pirouettes and some super tempi changes down to every third stride and received acclaim from perhaps the most discerning dressage crowd in Australia. His presentation was very popular.

LOT F

Pic: Jody M Photography

Bay stallion 16.3hh 2002

Romance is a powerhouse young stallion with some incredibly exciting movement, just starting to hit his straps and recently performing at Sydney CDI and NSW State Dressage Championships. By Australian international Grand Prix stallion Regardez Moi, his dam line features the German stallion Lanthan (dec), who sired beautiful, elegant warmbloods renowned for their temperaments and talent in both dressage and showjumping. Romance is winning championships at medium/advanced level dressage and is working with huge talent and enthusiasm through the Grand Prix movements. He has an even, regular walk with a clear rhythm and a mind-blowing trot that has Grand Prix written all over it. It is a delight to ride and indicates that like his dad, he will have international standard piaffe and passage. The canter right from the day he was born had magical talent, and Romance loves to collect. He is the consummate show off, a big friendly puppydog, who loves licorice and scratches. At the same time, he is a professional who is always alert, able to receive sophisticated information and react without stress. He loves to work and hates days off. He is a beautiful and obviously upstanding individual - closer analysis makes him incredibly exciting from a technical point of view and we feel that he is part of a dawning age of dressage in Australia. Joyful Morning R

ON ACCOUNT OF RYANS

LOT 1

Pic: PeterStoop@exemail.com.au

Bay mare 01/02/08 PPT Starnberg (imp)

Joyful Morning R is a sensational young mare in foal to the sensational young imported stallion Starnberg. Joyful Morning R is by Jive Magic who is Rozzie Ryan's big hope for the London 2012 Olympics. Joyful Morning R is out of a brilliant Ryan broodmare called Misty Morning R. Misty Morning R carries the Danish May Sherif bloodlines, the English Dutch Courage bloodlines, the German Donnerhall bloodlines, the German Pik Bube bloodlines and the Dutch Saluut bloodlines. Diamond Delight herself was a smaller mare standing 15.3hh - moved like a ballerina and had the exquisite looks of an angel. Joyful Morning R has all of this and has also inherited the enormous power of Jive Magic. This is very clearly illustrated in the photo. Joyful Morning R's first foal is by Regardez Moi and this foal is a filly and has been retained by Ryans. Also Ryans have a full sister to Joyful Morning R called Just Morning R who will also be retained to maintain this very exciting broodmare line. Of course this in itself makes Joyful Morning R of great interest from a commercial point of view because Ryans, will be aggressively promoting this bloodline for the foreseeable future. We do anticipate progeny from this line, to demand big prices in the future. This is a unique opportunity to purchase a broodmare on the cutting edge of genetics in Australia today.

On Fiji R, his sire's side, he boasts the sought after lines of Florencio, who took the equine world by storm and was the World Young Horse Dressage Champion as a 5yo, then again as a 6yo. We are so lucky to have these bloodlines in Australia! Casanova's dam, Skansen Cloud 9 (an elite studbook mare) is by Jet Set D, one of the most successful Dutch dressage stallions. Skansen Cloud 9 is exceptional, one of the most beautiful broodmares in Australia with supermodel looks, extravagant movement and a wonderful generous temperament. Her three previous foals have sold at Auction of the Stars in the highest price bracket and the new owners are all thrilled.

These bloodlines are unique and we feel that Casanova has stallion potential. Casanova is already displaying a brilliant temperament. This is a very eye-catching bay filly with four white socks, a star and a snip. At the time of the auction she is 8 months old and we expect her to mature about 16.2hh. She is well-grown, athletic and can really move. She combines proven performance bloodlines with a trainable temperament. Sire Highborn Powerlifter (dec) was an outstanding foundation warmblood sire. He was campaigned by Fiona Hughes and was the first stallion in Australia to pass his performance testing in all three phases, dressage, showjumping and eventing. He produced successful dressage horses such as Valhalla Precious Gem, Highborn Baden, Buckwell Park Power Trend (exp) and Buckwell Park Dynasty, also showjumpers like Buckwell Park Pwer Ranger and Buckwell Park Bond 007 (both with Cec Staples); Royal Show and national champions Buckwell Park Power of Destiny and Buckwell Park Power and Glory (Paris Rodwell). His sire Valuta (Gert Donvig) was shortlisted for dressage for the Olympic Games (imported from Denmark). The dam was a very successful and versatile anglo-arab mare, who combines both Sindh and Nature Boy bloodlines. This mare was a successful show hack, dressage horse, eventer and showjumper and is now a valuable broodmare. This is a lovely strong weanling with a lot of quality.

He possesses a sensitive but very balanced mind showing only the highest calibre of trainability! His sire, Dalziel, is by Don Schufro (Andreas Helgastrand), 11th at the Beijing Olympics and a Danish team bronze medallist. Dalziel has numerous wins at up to 72.5% and almost always scores 8 for paces! Rider, Tracey Crittenden, is a para-equestrian, and we are very excited at the opportunities ahead. Diego's dam is by Belcam Glasgow (Grannus) out of a Falkland Victory mare and represents solid performance bloodlines. She has also produced our sadly deceased young stallion Svaldifari (Sir Donnerhall), who was also an extreme mover as well as Wolfinigham Willoughby by Whisper. 16.2hh chestnut gelding 28/12/2006

Rogue Trader R is a magnificent and immediately memorable individual. He is bred in the purple, being by the Australian Grand Prix Dressage Champion Regardez Moi out of the Jive Magic mare Jean R. Jive Magic, of course, being Rozzie Ryan's big hope for the 2012 London Olympics. Interestingly, the grand-dam on the bottom line Lucilla is a full sister to the stallion Stirling Liberty who sired the Grand Prix horse Snowy River Blackwood who with Di Jenkyns in the saddle was one of Australia's top Grand Prix dressage horses for many years. Rogue Trader R is a full package. All quality, but quiet and safe. He has good walk, correct classical trot with potential to be spectacular, beautifully balanced canter with talent for collection and a sensationally elegant way of presenting himself. Rogue Trader R was selected by Heath as an understudy for Regardez Moi and will indeed continue in that role if he doesn't sell. He is simply being offered so that the auction has a magnificent flagship that will make it worthwhile for a serious buyer to make the effort to attend the auction. Make no mistake this horse is everything he is purported to be. To date he has been schooled and campaigned mostly by Emma Armstrong who is tiny and weighs only 40kg. Already he has many wins in Preliminary classes with many scores over 70%. This is a very serious unblemished dressage horse.

Bay colt 09/11/10

Pageboy R is one of the first Promise R foals to become available. He brings an amazing new collection of genetics into the performance arena in Australia. Through Prestige, the grandfather, comes the rare bloodlines of Silvano N. Silvano N was a top class showjumper before specialising up in dressage. With Ellen Bontje in the saddle Silvano N became the cornerstone of the Dutch dressage team in the late 90s and early this decade. Silvano N did represent Holland at the Sydney 2000 Olympics. On the dam's side of Promise R is the wonderful Dutch bloodline of Flemmingh. Funnily enough, Flemmingh also started life as a showjumper but became known as a superstar dressage sire with the production of Krack C (Anky van Grunsven), Lingh (Edward Gal), Feur (Maurice Bruce), Rambo (Mary Hanna) and numerous other Grand Prix dressage horses. All of these lines coming back over a Regardez Moi mare carrying Salute bloodlines certainly must suggest a dressage superstar. Right down on the bottom line of Rosette R is the Salute mare Scooter, who was just the most amazing jumping horse - enough jumping blood and talent in Pageboy R to make the jumping enthusiasts look twice. Pageboy R is seriously up in front, he has a breathtaking trot backed up by a good walk and a sensational canter. Pageboy R is really quiet and full of confidence. 16.3hh black gelding 10/01/02

Jackman R is an impressive black gelding with four white socks. Originally Jackman R was kept because Rozzie fell in love with him and his majestic looks. His breeding is sensational with his mother Lynx being a full sister to Londoner. Londoner with Heath in the saddle won the Australian Prix St Georges and Intermediaire I Championships when he was just 6 years of age. (These days a horse has to be 7yo to compete at this level.) Anyway, Jackman R was out of Lynx and by Jive Magic who is Rozzie's big hope for the London 2012 Olympics. Breeding doesn't get much better than that and Jackman R also had the looks. The truth is despite all of this Jackman R just isn't cut out to go to the Olympics. So now he is looking for a good home where Olympics are not the expectation. In earlier days Jackman R competed extensively in Young Rider classes with Bree Tilitzki in the saddle up to and including elementary level. Today, Jackman R has good shoulder-in, half-pass, single flying changes, canter pirouettes and the beginnings of some really good piaffe - not too far off doing a Prix St Georges test. He is a good horse. To handle, Jackman R is really steady and a total gentleman to float and shoe. He can be left for weeks without being ridden. He is a responsive ride but very quiet. We are reluctant to advertise him as a beginner's horse but he is very close!

He was Australian Grand Prix Champion 2008-2009 and again 2010-11 and represented Australia at the World Cup Dressage Finals in Las Vegas, USA; but just as important, he really puts his stamp on his offspring and they all exude class, style and quality. The filly's dam, *Falcon Gabrielle* (ACE registered) is a full sister to the dam of *Eliza Jane*, who is being campaigned by Vicki Roycroft at World Cup level showjumping. *Gabrielle's* first foal was sold to the USA, (Phillip Dutton's stables), where he is now competing successfully in eventing. Regardez Moi is campaigned by Heath Ryan and is the current Australian Grand Prix Dressage Champion, this is the second time he has been the National Champion. Regardez Moi also represented Australia at the 2009 World Cup Finals in Las Vegas USA. On the dam's side the bloodlines are quite unusual in that there is a double cross of Spanish-blood. These bloodlines are the result of the Ryan family horse breeding program originally started by Heath's parents, Rod and Sue, a long time ago, which led to the production of Benwerrin of Coolalee and Southland of Coolalee, both of which were involved in the lead up to the 1988 Seoul Olympics. The Andalusian blood was added to Heath's breeding program specifically to increase the genetic capacity for piaffe and passage. Piaffe and passage are known to be highly inheritable and this strong focus on genetics is a key aspect of Heath and Rozzie Ryans breeding program. Puffin has spent 2 years in serious training with the Ryans and is currently schooling shoulder-in, half pass, flying changes, medium trot and canter pirouette. Puffin is really confident, has a very quiet temperament. Puffin has a future as a serious competition horse.

The first foal from this mare has definitely not disappointed us! Her imported grandsire, Kaptain, is a stunning 16.3hh black stallion. Kaptain is a compact type with very correct conformation and suspended ground-covering paces. Also a talented jumper and showing great style and potential over fences, Kaptain's pedigree is most impressive with 4 Grand Prix showjumpers within 3 generations. Kaptain's sire, Clintino stands out because of his quality, supple, ground-covering movement with plenty of impulsion from behind. And with his pedigree he is, of course, also blessed with exceptional jumping talent. Clintino has two stallions in the front generations of his pedigree who have won Grand Prix themselves - Caretino and Come On. Also in his sire line is Sandro, the grand sire of the fabulous dressage horse and influential sire, Sandro Hit! Dressage students should not dismiss this foal as her movement is awe-inspiring, with balance, power and grace, plus a very sweet, willing temperament. Radiance is eligible for ACE registration and with an expected mature height exceeding 16.1hh, also offers an excellent breeding prospect.

Frosty Morning R

ON ACCOUNT OF RYANS

LOT 26

Pic: PeterStoop@exemail.com.au

Bay colt 20/10/10

Fiji R is fast developing a reputation for throwing very good-looking foals, almost feminine, who are very quiet and who really, really move. Frosty Morning R has all of this AND has also inherited from his Jive Magic mother, power and scope to burn. He is a fascinating study of a beautiful blend of two very different lines. Both of these lines, the Florestan I line and the Jazz line, are legends in their own right the world over. Interestingly, there are very few examples in the world of these two lines coming together and producing a genetic mix. Frosty Morning R is a sensation. He is very petite with a finely chiselled face and a beautiful big star in the middle of his forehead. He moves with the grace of a ballerina, however, he also has great technique from behind and comes off the ground in defiance of gravity. Fiji R, sire of Frosty Morning R, is by Florencio who was the World Young Horse dressage champion as a 5 year old and then again as a 6 year old. On the dam's side Frosty Morning R is out of a Jive Magic mare, Just Morning R, who in turn is out of a Richmeed Medallion mare. Both Jive Magic and Richmeed Medallion are or were sensational Grand Prix competition stallions. Diamond Delight, who is the great grand-dam right down the bottom, is by Don Ramiro, a most sensational young dressage stallion under Heath Ryan before being sold back to Germany. Diamond Delight is in turn out of a Salute mare! Frosty Morning R is so modern and so beautiful.

LOT 30

Pic: PeterStoop@exemail.com.au

16hh black mare 16/10/2005

Princess is a beautiful soft black mare by the current Australian Grand Prix Dressage Champion Regardez Moi. In actual fact Princess is performance bred on both sides of her pedigree with her mother having had great success at medium level dressage. Princess herself is black and very pleasingly put together. Basically very pretty! In the paces department again Princess is talented. She is also extremely quiet to handle and is naturally long-suffering. Princess is at first glance a potential dressage horse but her willingness to perform does spill over into the jumping arena and she is quite impressive over cross-country fences including water jumps, ditches and banks. Show jumping Princess is very straight forward, tries hard to leave the fences alone and has a classical technique which is sharp in front and a good opening up action behind. Princess is a lovely smaller warmblood, would suit a junior, a beginner or a serious competition rider.

Wolfinigham Delilah

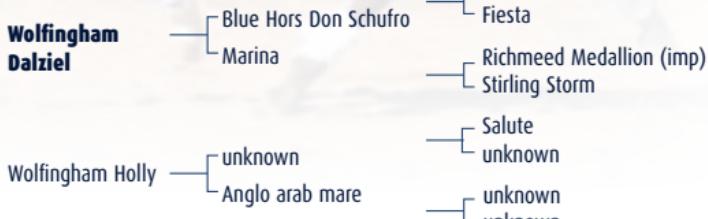

ON ACCOUNT OF WOLFINGHAM WARMBLOODS

LOT 37

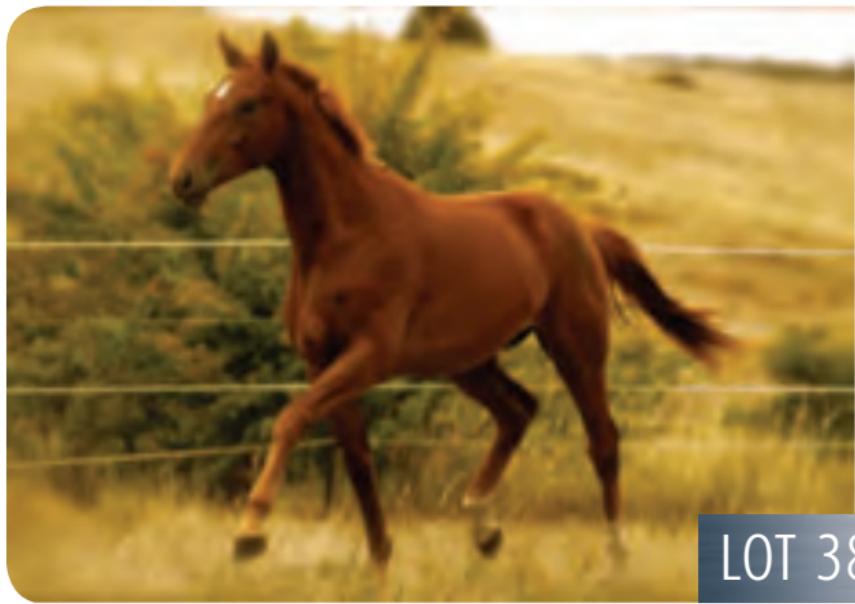

Bay filly 4/12/2008

Delilah is just DYNAMITE! She is by Wolfinigham Dalziel (Don Shufro) out of Wolfinigham Holly (Salute/Anglo). She possesses extreme hock action and freedom of the shoulder! We just could not take a bad photo of her! So much engagement! All this and the sweetest, quietest temperament! Selling is difficult but we have an older full sister to be retained. Sire Dalziel is by Don Schufro who, under Andreas Helgastrand, took 11th place individually at the Beijing Olympics and secured the Danish team a bronze Medal. Dalziel has also begun his competition career and has numerous wins with scores up to 72.5% in preliminary and nearly always an 8 for paces! His rider, Tracey Crittenden, is a para-equestrian and we are excited at the opportunities this represents for them both. Delilah is proof of the outstanding temperament and trainability of her sire and dam. Holly was briefly competed with scores up to 66%. She has also produced a lovely half-sibling in Wolfinigham Whiteley, by Whisper. Whiteley was crowned HVDA preliminary champion at his very first outing! What an opportunity Delilah represents!

Callum Park Leodacaprio

ON ACCOUNT OF CALLUM PARK

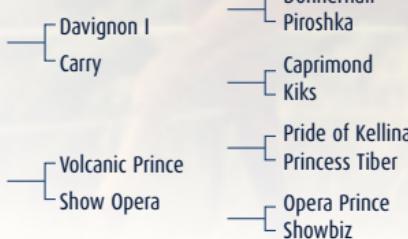

LOT 38

Chestnut gelding 30/12/2006

Callum Park Leodacaprio is as gorgeous and talented as his name suggests! Sired by the highly regarded producer of modern, super-moving and most important, rideable sporthorses, Dacaprio (Davignon1/Caprimond), Leo demonstrates his father's trademarks with his smart but sensible nature, superb conformation, and elastic, cadenced movement. Dacaprio has produced an abundance of successful dressage horses, including the bundeschampionat finalist FBW Dejavu, and Leo looks set to be a serious contender in young horse classes. Leo is out of the talented and athletic TB sister of Australian National level Grand Prix horse Versailles, the piaffe machine who was awarded 4th place by chief international judge Wim Ermes, and 10th place overall in the CDI Grand Prix at Sydney CDI 2010 before his untimely death at the end of 2010, an incredible feat for any horse let alone an ex-racehorse! Leo has inherited the sensible, trainable and talented characteristics of his super bloodlines and has broken in beautifully, showing a cadenced but quick hindleg in trot, an excellent walk and a canter built to collect and extend effortlessly. This is a super, super horse that is only very reluctantly offered for sale due to his rider spending more time overseas.
