A MESSAGE FROM HEATH

By luck or good management we at the AOS did manage to adopt a genetic policy in the early years which was way ahead of our time dating back to the mid 1980's. In those years we started breeding dressage mares to dressage stallions and jumping mares to jumping stallions. Certainly not the "done" thing in the 1980's. In those days the spectacular money changing hands was for the young licensed stallions who to pass licensing needed to have outstanding dressage paces as well as outstanding technique and jump over fences. For us these were all rounders. It was around this time that Donnerhall started performing with Karin Rehbein. We invested heavily in Donnerhall. Today Donnerhall and his sons are the most outstanding bloodline ever with enormous influence on the top dressage horses in the world including the recent World Equestrian Games at the end of August/early September this year. The majority of the top placed dressage horses at the World Equestrian Games are mostly the result of seven bloodlines. Way in the lead is Donnerhall, followed by Rubinstein, Ferro, Jazz, Florestan, Weltmeyer and Sandro Hit. This is an amazing consideration when you understand that there would be more than 50 000 other dressage stallions around the world being advertised this year. All of these seven bloodlines are well represented here in the AOS. As a result we have produced performers. Utopian Cardinal was presented at Auction by AOS as a 5 year old. Today Utopian Cardinal is 9 years of age and was 3rd in Intermediate 2, 3rd in the Grand Prix, 6th in the Grand Prix Freestyle and 2nd in the Grand Prix Special at the National Dressage Championships. Aspire R was sold as a 3 year old and this year has won at the top level eventing being 3* level. Jude R was sold to Sue Hearn as a weanling and is today winning Small tour and Grand Prix is imminent. Johnny Depp and Jeff the Chef were sold as yearlings and are today both competing successfully at Grand Prix dressage. Both Bindaboo R and Bonza Troy were sold as 7 and 6 year olds respectively and both took their new owners to 3* level in the eventing discipline. Just Dance with Katina Smith and Snapdragon with Kathryn Crofts were sold as weanlings and are now competing successfully at Prix St George level. Rudolf and Moves like Jagger who were both sold as weanlings through AOS are now 2* and heading down to Adelaide 3DE 2014. Youngsters like Rinaldo R, Fireworks R and Jostle R are performing in the lower dressage grades returning big scores and winning classes. Without doubt the AOS does sell horses that go on to very successful careers with their new owners.

So ladies and gentlemen I can honestly say that this catalogue carries the best dressage bloodlines in the world today and horses being sold from this catalogue will go on and influence Australian History.

Good Luck. Cheers,

Heath

A MESSAGE FROM ANN-MAREE

Auction of the Stars is a unique sale this Christmas. It must be the only performance horse auction in the country that offers the whole range of hopes and dreams in the dressage world.

The whole range? We have it all, from beginning to end. If you want to dive straight into the challenge and achieve the ultimate dressage dream right now, right here, then you have a choice of not one but two Grand Prix horses.

If you want to put off testing yourself for as long as possible, if your life is not yet in the right space, or your mind is not yet in the right place to achieve your dream, you can buy the absolute opposite end of the spectrum – a choice of some of the best breeding lines in Australia – sensational mares in foal. The Grand Prix bloodlines are assured, and you can be content knowing that in another nine or 10 years' time, with the proper tuition and blood, sweat and tears, you too can produce that Grand Prix horse.

And if you are halfway there in terms of life or training or mindset, or even finances, then the auction offers all of the stages in between – mares with foals at foot, two-year-olds almost ready to break in, young horses under saddle and just beginning to show their potential, horses working right through the dressage levels, right up to Prix St Georges level, the very first international level in dressage.

So it's time to give some serious thought to what you want to achieve and when you want to achieve it ... the options are endless – and with finance available, and top-up finance available, you have all the opportunity in the world to achieve your dream. Do you want that dream now? Soon? Eventually? No matter what your decision, Auction of the Stars has a history of successful partnerships that have all kicked off with the fall of the hammer.

Best of luck!

Ann-Maree Lourey

RIDDEN HORSE TRIALLING

This is one of the outstanding opportunities offered through the AOS selling program. We would encourage all riders who are slightly interested in the ridden horses to pluck up the courage to trial these horses in the official trialling times. Of course you are very welcome to trial these horses by prior arrangement in the weeks preceding the auction. Most people do suffer from the thought of riding in front of a crowd on the official trialling day. Our take on this is that if you are too embarrassed to look out for your own interests, then certainly nobody else will. Also, if you have dreams and ambitions, secret or otherwise, and being embarrassed is the biggest obstacle you have to overcome, then really life is not too bad. Realistically you will have to overcome much bigger obstacles than just being self-conscious or embarrassed. Get out there, trial these horses and take advantage of a great opportunity.

At the auction you do have the unique advantage of comparing one horse against the other. This comparison opportunity is exactly what happens in competition, one horse immediately compared against another, a phenomena which is very difficult to replicate when buying a horse privately. Riding is a passion discipline and in most instances when buying privately a prospective purchaser falls in love with a horse and buys it. In the auction situation, a prospective purchaser is much more likely to weigh up the pros and cons of each horse on a comparative basis. Of course, falling in love with the horse is a critical ingredient for success but we at the AOS would encourage you firstly to select your next horse on an intellectual level, then follow your heart and fall in love with the horse. We all know of people that have bought horses that didn't turn out to be everything they had hoped for but nevertheless, love the horse and persevere even when it is clear they should sell and start again. Treat the auction trialling as a day at the office.

We encourage everyone to trial each horse that goes close to falling into their wish list category. Keep in mind that sometimes a horse that reads and looks mediocre in the catalogue actually turns out to be lots better in real life than you had expected. Conversely, some horses will catch your imagination in the catalogue, and then be disappointing in real life. Once you ride more than two horses you will lose track of details on each horse so we encourage you to write notes on each horse immediately after trialling them. Also, watching a horse being trialled by other riders is a great way of assessing honesty and rideability.

The first official trialling is at **11.15am on Saturday 13th December** and we would encourage all interested parties to take advantage of this Saturday trialling. This does give you as the potential buyer the opportunity to have another ride the next day **Sunday 14th December at 7:00am**. This also gives you enough time to research the horses and talk to the owners.

The basic format of trialling is that two or three horses come into the arena and are shown off for the first five minutes by their vendors, basically warming up and just gently running through the horse's routine. Then people wishing to have a little sit are invited to come forward. Prospective buyers organise to trial a horse by approaching the AOS representative, who takes a list of names so as to keep the trialling ordered, and also signing the appropriate waivers. Each trialling is tailored to each rider's individual needs, keeping in mind that the first and foremost priority is safety, and of course the well-being of the horse. It is a very hectic schedule with two sessions of public trialling plus the auction, all in two days, so horse welfare is a major consideration. We are of course very aware of also servicing the riders' needs.

Good luck, and if you have any questions please feel free to contact Heath Ryan on 0417 656 636 or email info@auctionofthestars.com

Black stallion 16.3hh 1996

Regardez Moi is the most winning Grand Prix dressage stallion in Australian history with more than 40 Grand Prix wins, and similar record wins in the Grand Prix special and freestyles. This spring he won the elite title of Australian Grand Prix Champion for the unheard-of third separate occasion, this time at the age of 19. There is nothing he hasn't done: Grand Prix champion at Equitana for the past three consecutive years; and earlier this year winning the Grand Prix Special at Australia's CDI and the Grand Prix Freestyle by more than 4 %. Internationally, he represented Australia at the 2009 World Cup Final in Las Vegas. Regardez Moi has sired many outstanding competition youngsters including Utopia Cardinal, now placing right behind his sire at Grand Prix, a one-two finish at the 2014 Nationals GP Special. Other offspring are winning at PSG and Intermediate I levels. Weanlings by Regardez Moi have also been outstanding successes in the auction arena, averaging as much as \$17,000 in past auctions. We firmly believe that Regardez Moi offspring will make a great contribution to Australia performing brilliantly at the Olympic Games in the near future. Live cover only.

B

Black stallion 16.2hh 1/7/04

Fiji R is an exciting young imported stallion campaigned and trained by young rider Breanna Tilitzki right from breaker to the present - about to have his first Grand Prix start. Breanna has had great success with Fiji R, winning with scores over 75%. These scores have been posted at major competitions including Sydney competitions. Fiji R is competing with success at PSG and Intermediare I, qualifying for Australia's elite international, Sydney CDI, State and national championships. Fiji R has the quietest of temperaments and often will be found at Young Rider competitions with just Breanna and her Mum as rider and guardian. This temperament Fiji R passes on to his foals. Fiji R has quite remarkable paces with a very distinctive walk. Trot is fully suspended with a definite ballerina poise between beats. Canter is beautifully balanced and uphill with super easy flying changes. Fiji R is sensationally bred with his sire Florencio being both the 5yo and again the 6yo World Champion young dressage horse. Florencio I is by Florestan I who has emerged as one of the recent very important dressage lines in Germany and who has a number of Olympic offspring to his credit already. On the dam line is a mix of Trakehner through Hohenstein and thoroughbred through the Hill Hawke line. The Hill Hawke line has become famous as a dam line by also being the dam line of the Welt Hit line. Many of the top Australian riders have a Fiji R youngster!

Dark brown stallion 22/11/2008 16.2hh

Constable is by the sensational eventing stallion Contenda who is being ridden by Shane Rose at two-star eventing level. There are some absolutely sensational photos of Shane and Contenda jumping on the Net. Contenda carries the fantastic jumping blood of Contender from Germany. Contenda also carries the thoroughbred blood of Bolero, who has carved a name for himself in Europe as a sire of Olympic dressage horses. The Bolero blood can be found in Ryans' new stallion Questing R. Indeed the Bolero bloodline in Germany is today considered a dynasty. On the dam side, Wimborne Constable has equally impressive bloodlines. Wimborne Constable is out of the mare Wimborne Paint it Black, by Gribaldi. Gribaldi is famous for siring many of the Dutch Grand Prix dressage horses including Totilas. Totilas is considered by many to be the best dressage horse the world has ever seen to date. Also back on Wimborne Constable's dam line is Ludendorf, who to our knowledge is the only stallion ever to be long-listed for Australia or any other country in both eventing and dressage at the same time. Wimborne Constable does sport some of the most wonderful competition bloodlines. He himself has a great walk, trot that has spring and pizzazz and a balanced canter. On top of all this Wimborne Constable's greatest quality is his quiet and amenable temperament. We believe he has the potential to make a Grand Prix dressage horse, however, initially Wimborne Constable is going to follow in his father's footsteps and will appear on the Australian eventing circuit.

Palomino stallion 17.2hh 2004

Byalee Briar is an amazing opportunity to acquire a highly sought-after European pedigree without the frozen hassle. Bjorsells Briar 899 was for seven years a legend, the world's number one dressage breeding stallion. On the dam line, Byalee Briar is out of a Bernstein mare. Bernstein is a Swedish warmblood stallion, sire of many approved stallions, again with a pedigree that has proved itself in the ranks of Grand Prix in Europe and the US. Bernstein was stallion of the year in Sweden and now has offspring with amazing piaffe and passage. Both Bjorsells Briar and Bernstein are elite-listed performance stallions and together these bloodlines have produced Byalee Briar, who is now averaging more than 65% at medium/advanced level. He has uphill canter with strong shoulder and knee action, and shows that ever-essential correct walk. There is huge talent for piaffe and passage. He is so quiet he can be campaigned by a teenaged pony clubber, and his babies are already out winning dressage medals at national competitions, showing great movement and a distinctive quiet temperament. Briar jumps 1.10m, plays polocrosse, rides out to babysit the young breakers and is a joy to have in the stables. Simply a magnificent sire. And as a bonus, Byalee Briar is a palomino, with the colour dating back eight generations of Swedish warmbloods. Live cover only.

Flaxen chestnut stallion 01/01/10 15.2hh

Wow is a stunning all-rounder, winning his first official dressage outing ever at elementary level on more than 70%, and medium level on over 67% as a 4yo, training two-time tempi changes and half-steps and clearing over a metre with great joy when he is allowed to jump, given his age. Wow, campaigned by Grand Prix rider Dimity Lourey, is a chunky power machine, a pocket rocket with the most amazing work ethic, set to excel in the collected work at Grand Prix. His talent and versatility come as no surprise, given that his sire, Wie Weltmeyer, was a top showjumper and Grand Prix dressage horse before his international Olympic dressage career with UK rider Emma Hindle. Wie Weltmeyer, one of the top German dressage breeding stallions with the same index as Weltmeyer, has already sired Grand Prix champions. On the dam line, Wow is out of the impeccably bred TB mare Law Suit, who descends from the highly sought-after bloodlines of Son In Law, Blue Peter, Precipitation and Vain to name but a few. Wow is shaping up to follow in those footsteps. He simply oozes charm and presence. His elastic and extravagant paces show scope in his movement with an exceptional hind leg and free, flash front leg mechanics. This is a chance to secure the bloodlines of a versatile colt representing the beginning of a new family tree in the Australian dressage world.

Unfortunately Jive Magic was injured and so did not continue his campaign as a top Grand Prix competition horse. He did, however, earn a reputation of being the most powerful Grand Prix horse in Australia. Jive Magic won some of the biggest Grand Prix competitions on the circuit, including the prestigious Sydney CDI. As a sire, Jive Magic is experiencing huge success. His very first foal went Grand Prix and is called Jeff the Chef. Jeff the Chef is campaigning in the USA, while in Australia, Johnny Depp moved into the Grand Prix arena when just 7yo, with outstanding success at the age of 8. At State and national championships and in young rider classes, as well as in young horse classes, Jive's offspring have been winning championships, while Rozzie Ryan is campaigning champion small tour horse Jarrah R. Just Dance (Katina Smith) has recently chalked up his first wins at PSG and Inter I, while Jazzki won the 5yo young horse class at Dressage with the Stars 2013. Chestnut stallion 26/9/2011 17hh

Questing R is a fascinating addition to the Ryans stallion band. He was bred by Michelle and Judith Buckley, Hunterveiw Stud, Scone. Questing R is by Quarterback, carrying the Quando-Quando bloodline. Quando Quando represented Australia in 2006 at the WEG in Aachen, Germany, and the 2008 Hong Kong Olympics. Quando has the most amazing temperament and this has passed down to Questing R. Quarterback, sire of Questing R, was Bundeschampion 3yo riding horse scoring 10 for rideability. On Quarterback's dam line is Poesie, by Brentano II. Poesie is dam of Poetin who won the Bundeschampion as a 3yo, 5yo and 6yo. Poetin sold for 2.5million euros! Questing R's dam is by Brentano II out of a Wenzel mare. Brentano II is famous for producing international Grand Prix dressage horses including Brentina, winner of the World Cup Final in 2003 Goteborg, Sweden. Down the bottom of Questing R's pedigree is Stirling Desire, with Donnerhall, Pik Bube and Salute bloodlines. Questing R has extreme big loose paces with promise of extravagant expression. We feel that in years to come, Questing R will be the most beautiful-looking individual. It is our hope that Questing R not only becomes a brilliant competition horse but also gives us a perfect out-cross for our state-of-the-art broodmare herd. A great journey begins. Jose R is a sweet and generous young horse with three correct paces and a wonderful ability to fold through the poll. Jose R has been out to small dressage competitions where he was an instant success, winning with scores of more than 70%. Jose R has the most rhythmical and relentless paces, which enjoy an unusual balance for one so young, and the judges just love him. He does a test like a metronome and has the temperament of a saint. Jose R's sire, Jive Magic, has often been described as the most powerful Grand Prix dressage horse in Australia. Jose R is out of the Regardez Moi mare Ruby Rose R. Regardez Moi has on three occasions been Australian Grand Prix Dressage Champion and in 2009 represented Australia at the World Cup Finals in Las Vegas. On the bottom line, Diamond Delight R is by Don Ramiro, who carries the great Donnerhall bloodlines along with a double cross of Pik Bube. Don Ramiro himself was a prolific producer of FEI dressage horses. Jose R also carries Salute blood through Kenare Snowshoes. Salute is of course the sire of many highly successful eventers and FEI level dressage horses including Victory Salute (represented Australia at the World Cup Final in Holland at s'Hertogenbosch and also came 9th in the world at the World Equestrian Games in 2010). Jose R will make a great competition partner for someone looking to go to the top.

Rhiannon R is state of the art in every way. She is a beautiful type and very quiet. Sire Regardez Moi won every class in the big tour at the recent Australian National Dressage Championships and was crowned Australian Grand Prix Champion for the third time. The dam of Rhiannon R, Jonquil R, is by the Grand Prix dressage stallion Jive Magic. Jonquil R is a full sister to Jeff the Chef W, a Grand Prix dressage horse in the USA. Shannon R in turn is the dam of Jonquil R and Jeff the Chef W and is possibly the most successful dressage broodmare in Australia today. Shannon R is dam of: Daylight (campaigning in Germany at Grand Prix level); Don Romeo (was winning at Prix St Georges and about to start Grand Prix with Australian international rider Sue Hearn when sadly exported to England); Don Rivera (winning PSG with Rozzie Ryan); Donna Carina (winning at PSG with Megan Bryant) and as mentioned above Jeff The Chef W. Shannon R is by Salute, sire of Victory Salute (9th in Kentucky, USA at the World Equestrian Games 2010), Stirling Stilton (highest-placed Australian Grand Prix horse at the World Equestrian Games in Jerez, Spain) and the list goes on. Rhiannon R is sold in foal to Toto Junior who is being campaigned by Edward Gal in Holland. Toto Junior is by Totilas, perhaps the best dressage stallion ever in world history. He did sell for some 22 million Australian dollars! Toto Junior is out of a Desperados mare, Desperados having starred at the recent World Equestrian Games for Germany. Right down on the great-granddam line is Rotspoon. So Rhiannon R must nearly represent the best current performance dressage Grand Prix bloodlines anywhere in the world.

AEA Texas is a lighter warmblood who would not look out of place in a Sydney Royal hack class. AEA Texas was broken in by Sappho Ransan-Elliott as in the photograph. AEA Texas has wonderful charisma and is a very light ride. He is reactive to light aids and naturally stays on the bit. AEA Texas has a good walk with good overtrack and a “to die for” trot with wonderful rhythm, suspension and expression. As seen in the photograph, AEA Texas easily lowers behind and engages. The canter is very balanced and already will shorten with the gentlest of encouragement. As a competition horse, AEA Texas has the potential to be a show-stopper! AEA Texas does have Gribaldi on his sire’s side. Gribaldi is the sire of Totilas, who broke all dressage records with Edward Gal in the saddle and consistently scored over 90%. Totilas was sold by his Dutch owners to German Paul Schockemoehle for a rumoured AUD \$22 million. AEA Texas is one of the first youngsters bred in Australia to carry these bloodlines. On the dam’s side of AEA Texas is Rituel, who started life with Mary Hanna and who represented Australia at the World Young Horse Dressage Championships in Germany. Rituel and Mary placed 11th, which to this day remains the highest placing ever achieved by an Australian entrant. AEA Texas is a stand-out cracker.

Relish R is by Regardez Moi, who at the moment is storming across Australia in the dressage world, having just won for a third time the Australian Grand Prix Champion title. On the dam side of Relish R is Jive Magic, also a very successful Grand Prix stallion. Grand-dam Wham R is by Weltmeyer, who has created a dynasty that has swept across Germany for the past 15 years. Wham R is out of Marge R, who is the cornerstone of the Ryans' breeding program. Marge R is statuesque and carries the May Sherif bloodlines through Richmeed Medallion. Medallion was a Grand Prix dressage horse and May Sherif sired two World Cup Freestyle winners, Matador (Finland) and Andiamo (Germany). May Sherif is still the only horse to sire two World Cup Freestyle winners. Relish R is sold in foal to Toto Junior. There are only two mares being sold in foal to Toto Junior and this is the first time this semen has been available in Australia. Toto Junior is by Totilas, who has been and possibly still is the best dressage horse the world has ever seen. It is rumoured that Germany paid AUD\$22 million for Totilas. The dam of Toto Junior is by Desperados. Desperados is one of the best Grand Prix horses in the world, winning team gold medal at the recent WEG Normandy. The Desperados line of course carries the Donnerhall blood. Bay mare 16/12/2004 17hh PPT to Regardez Moi LFG

This is a seriously upstanding mare with fascinating bloodlines. Jive Magic, sire of Jandy R, was really was looking the goods of a Grand Prix dressage horse, winning the Grand Prix at Sydney CDI 2010 before sustaining a breeding injury that cut short his competition career. Jandy R is out of Vinca of Coolalee, who in turn is by Animoso VII. Animoso VII was imported by Heath's parents in the 1970s and this stallion proved to be the most amazing horse. At that time the Ryan boys were wild pony clubbers and Heath rode Animoso VII to dressage wins in Sydney. Animoso sired amazing progeny from very limited opportunity and produced Southland of Coolalee, first reserve for the 1988 Seoul Australian Olympics 3DE with Matt Ryan. Benwerrin of Coolalee went on to win Worrigeer 3DE 3*. All of these horses piaffed and passaged, although we didn't really know what to do with it. Anyway, a great line. The thoroughbred Miss Tracey produced a four-star eventer that Simon Kale rode around Badminton. Jandy R has produced a number of very promising youngsters with one of the eldest being Raseel R (Revelry), campaigned by Heath. Raseel R has already won numerous preliminary championships, novice championships and now elementary championships. Without question he is a real winner and is now schooling all the advanced movements at just 6 years of age. We feel that Raseel R is winding up to be an Australian international at Grand Prix level, a serious consideration in terms of assessing Jandy R's commercial worth. She certainly can look forward to very proactive promotion through the performances of Raseel R. Jandy R is sold in foal to Regardez Moi and so a full brother or sister is part of the deal. This is a spectacular broodmare.

He has been owned and trained by Sally McPherson and has spent considerable time in rider classes and hacking around Australian agricultural shows as part of his career. Absolute Indulgence has placed at Sydney Royal in ladies' show hunter. Absolute Indulgence has been used as a riding class horse on many occasions and carried Sally's 12yo son to 3rd place in his rider class at Sydney Royal this year. In dressage, Absolute Indulgence was 2013 Large Tour Champion and Horse of the Year for Central Coast Dressage Association. He has won champions at every level and has been incredibly consistent and reliable. Absolute Indulgence is by Ilkay who was not properly utilised by Australian breeders, however, now that he is deceased there a number of Ilkays who have risen to the top and have become Grand Prix horses. One of the things about Ilkay that Australians have not picked up on is that he is by Variant which is the dam line of Valegro who is currently the Olympic gold medalist from London 2012 and the reigning world champion from the WEG earlier this year. Absolute Indulgence has magnificent flying changes, extended trot, piaffe and passage. He is nowhere near his ultimate best so much more is to come. Aspire R was sold as a 3yo and has just won his first 3* event and will also be in contention for Rio. Bonza Troy took Sappho Ransan-Elliot from beginner pony club status to 3* eventing. And the list goes on and on. JE Blues is a strikingly beautiful WB by Jive Magic. He has been campaigned by Sam Fasher and is now competing at 2* level so he is well and truly on his way. JE Blues courtesy of his breeding does have outstanding paces and he has won straight dressage tests. From an eventing point of view this is a massive advantage. JE Blues has a really nice walk with good overtrack, a great trot which has swing and is standout in the eventing arena. JE Blues has a powerful canter with elevation and jump - certainly paces that could develop into a very real dressage horse should someone so desire in years to come. Just keep in mind that Bullwinkle, who was travelling reserve for the Australian dressage team at the London Olympics was a 4* eventer who changed direction. JE Blues as a jumper has a really good technique in front and behind and is capable of clear showjumping rounds. Cross country, JE Blues is good into water, over ditches and banks. His success includes winning elementary dressage in August 2014; 2nd in novice eventing SIEC 2013; 13th 2* eventing Camden 2014. He jumps 1'25 courses with confidence. Dark brown mare 1/1/2006 16hh PPT Wimborne Constable LFG

Rosette R is a very quiet and placid young riding horse. Rosette R started as a broodmare and had two very nice foals before being ridden at age six. Rosette R is bred in the purple being by Regardez Moi who has won more than 40 Grand Prix dressage competitions, probably an Australian record for any Grand Prix horse. Rosette R is out of Scooter R, by Salute. Salute is perhaps the most sought-after Olympic bloodline in Australia. He is the sire of Victory Salute (Australian Grand Prix Champion and 9th in the world at WEG in USA); Stirling Stilton (represented Australia at the WEG in Spain in 2002); DP Christopher (NSW Grand Prix Champion); Stirling Sprite (advanced eventer and World Cup showjumper with Olympian Vicki Roycroft); Staccato (previously ranked number one eventing stallion in the world); Stirling Soux (4-star eventer); F1 Pharenelli (4-star eventer); Sydney Lights (3-star eventer) and Salute was also the sire of the dam of Mystery Whisper (competed London Olympics 2012). Rosette R is in foal to Wimborne Constable who has just started eventing and who we think may be a superstar. Constable is by Contenda (Shane Rose), already two-star. Constable is out of a Gribaldi mare, Gribaldi being sire of Totilas, regarded as the best dressage horse in world history. So this package is of great interest to pending Olympic eventers.

Glenhill Talladega is an exquisite bay gelding by the dressage stallion Ferrero Rocher out of Stirling Sprite, by Salute. He boasts the best of the best on both sides with Florestan and Weltmeyer on the sire side and Stirling Sprite, who represented Australia in the Olympic Games in show jumping, by the legendary Salute, on the dam side. True to the nature of Ferrero Rocher's offspring, Glenhill Talladega has a laid back and trainable temperament that the F lines are known for. He has competed very successfully already, scoring a whopping 78% his first time out, getting all 8s in all his collective marks! He has never scored less than 70% and is a big time candidate for the Young Horse classes. But this versatile youngster doesn't stop there! He is also competing 1.0 metre showjumping and has the scope to follow in his dam sire's footsteps if you so desire! Billy R is a full sister to superstar Grand Prix winner Centaur who, when ridden by Anne Serrao, won both the Grand Prix and the Grand Prix Freestyle at 2004 CDI-W in Sydney. Billy R's sire is Copernicus (imp) who in hindsight was before his time and not properly utilised by the Australian breeding fraternity. Billy R's dam is Feuerlillie by Zwion (imp). Billy R has been an amazing broodmare for the Ryans. She is the dam of horses such as Jigsaw R. Jigsaw R has the most amazing splash of white, four white stockings and a blaze. Jigsaw R is being campaigned by Linda Krogh and already this partnership is winning at medium level. Splashing white all over her foals seems to be an unusual trait of Billy R. Billy has a Jive Magic son who has been called Apache and this young four-year-old is now owned by none other than Ann Serrao. This would be the best fairytale story if Ann and Apache were to make their way back to the top, and Ann is very enthusiastic about Apache. Billy R has two fillies at the Ryans, and they can be viewed on the website in the youngstock section. Mixing Billy R up with Jive Magic genetics does seem to be a fabulous click and we do expect some superstar performers to emerge from this line anytime soon. In Australia it is almost impossible to buy a broodmare for breeding purposes that is a full sister to a Grand Prix dressage horse. For the astute buyer, this is a fabulous opportunity.

Fortunato, 'Flash', is by the legendary Dutch sire Flemmingh, one of the most influential sires of dressage horses in Holland. Flash has had an enormous year this year. For the past two years, Flash has been owned and ridden by Jenny Watters, a very enthusiastic and dedicated rider. Jenny became established at elementary level and won numerous elementary championships with more than 67%. Jenny then braved her very first medium test and indeed Flash's very first medium test. They came 2nd. What a triumph! Jenny then had a baby and sold Flash to Carole Crumlin. Due to unforeseen circumstances he is up for sale, and so came to Ryan's to be campaigned. Sappho rode Flash, they clicked instantly and basically went straight out and did an advanced dressage competition. The results? First in the first test and fourth in the second test. The following weekend, Sappho went off eventing and Heath took Flash out for two advanced tests after just four days' riding getting to know Flash. He was brilliant and did not make one mistake and came 2nd in each test to win overall advanced champion. Flash is now qualified for Prix St Georges and unbelievably he is ready to go right now. Flash has been ridden by older riders and young teenagers and has always behaved impeccably. This is a brilliant horse just looking for the right owner.

This is a really nice TB mare who is by Sanction. Sanction is of particular interest because he was also the sire of Flame who won Adelaide 4* 3Day Event in 2006. This is the only 4* in the Southern Hemisphere. Interesting also is that the dam of Sanction, Sasha, is by Sir Dane. Sir Dane was the sire of Stirling Shade who was two times the Australian 3DE champion in the days when roads and tracks and steeplechase were still a part of the sport. From an eventing point of view, this Sanction blood is of enormous interest. On the dam side of Maize is Zamazaan, who was a winner as a racehorse and has produced a number of very fancy jumpers. The TB blood in the top grades of eventing is still very necessary. Maize is in foal to Wimborne Constable, who is by Contenda, which is a fantastic jumping bloodline. Contenda is already a 2* eventer with Shane Rose in the saddle. Wimborne Constable is out of a Gribaldi mare. SR Morpheus, or Pie as he is known at home, is rising four and is a quiet, easy-going horse with three lovely paces. Pie was broken-in earlier this year and has been brought along slowly. He has a great attitude to his work and is always eager to please. Although he was only broken-in at the start of this year, he is already travelling in a soft, round frame and has three big expressive paces with a swinging trot that makes you feel like you are sitting in an armchair, and a magnificent ground-covering canter. Pie is by the imported Grand Prix stallion AEA Metallic who has only just moved up to the Big Tour level but has already beaten some established combinations. Pie is in turn out of a mare by another imported Grand Prix stallion, Jive Magic, who has already produced some lovely foals, all with great temperaments. Pie is a smaller horse but certainly doesn't have small movement or personality and would be ideal for a smaller adult or young rider who doesn't want to compromise on talent. Pie will be competing at his first dressage day before the auction and is only for sale to allow his eventing owner to focus on her event horses.

Brown mare 15/10/2011 15.3hh PPT to Wimborne Constable LFG

Silhouette R is a very powerful moving young mare. She also carries some bloodlines that hint at great jumping. Her sire, Starnberg, was outstanding and trained at the Newcastle Equestrian Centre for two years. He responded magnificently and at the end of that time he could piaffe and passage and do one-time changes. He was outstanding. Starnberg was by Sir Donnerhall, by Sandro Hit – both are major contributors to the best horses in the dressage world. Interestingly, Rapunzel, who is the dam of Starnberg, represents some fascinating jumping lines. Silhouette R is out of Rosette R, who did show real talent for jumping. Rosette is by Regardez Moi who is a legend in Australian dressage being the Australian dressage champion for the 3rd time this year. Rosette is out of a Salute mare, Scooter R. Scooter R did freeschool over fences and was sensational. Silhouette R is in foal to Wimborne Constable. Wimborne Constable does sport the best of both worlds being by Contenda who is a very impressive 2* eventer with Shane Rose in the saddle. Constable is out of a Gribaldi mare. Gribaldi is also the sire of Totilas who is perhaps the best dressage horse ever seen and was sold to Germany for AUD\$22million. This is a young mare who is going to have a beautifully bred foal. Silhouette could of course be broken in and so pursue a ridden career after this foal.

Grey mare 1/08/2007 16.1hh

Circumstance is a potential producer of champions. She herself has three correct and expressive paces and her conformation is that of a performance horse with a nice uphill tendency and balance. Her temperament is calm, but inquisitive by nature – she likes to know what you are doing and follows you around the paddock. Unfortunately, Circumstance was badly injured as a 3yo. She was broken-in, spelled and just back in work when she suffered an accident in the stable where both hind legs were ‘gloved’. Prior to the accident, we were hopeful of taking Dressage with the Stars by storm, but it was not to be. It took two years for her to recover, and she has been ridden since then and has shown no sign of unsoundness. Sir Anton who is currently competing at Small Tour level is a half-brother, and her sire BJ Kaneto Casanova has had many successful progeny competing in dressage and show jumping. Circumstance can be traced back to Kassiber, her grandsire, who has sired many successful dressage and eventing horses. Circumstance is offered for sale with a PPT to Prestige VDL, with the additional option of being a riding horse. She has much to offer the discerning buyer. This is a fantastic young dressage horse with some very interesting bloodlines. Eskimo Kiss is by First Kiss who is carrying the Florestan genes, which are evident in a number of Olympic and World Championship horses. First Kiss also has the Werther bloodlines, which are world-renowned for big scopey movement. On the dam side through Fairbanks Revlow is Rotspon/Rubinstein bloodlines - again, one of the major influential bloodlines in the top Grand Prix horses the world over. Eskimo Kiss is a beautiful type and has magnificent paces. He also has a very soft back so is magnificent to ride. The walk is solid with good overtrack. The trot has real bend through the hocks and the knees and Eskimo Kiss has impressive medium trots. The canter is round, soft, balanced and ground-covering and Eskimo Kiss looks great. Eskimo Kiss has had limited outings with scores over 75%. For the right owner this is a special, special horse.

Chestnut filly 9/12/06 16.1hh

Dusky Diva was broken in by Manuella and Andrew McLean at the AEA Behaviour Centre, and came back for two more stays, being ridden out alone and in company, across water and through the forest, and jumping. Tony Uytendaal worked with Diva for six months' dressage before she spent more than 12 months with Russell Johnstone of the Victorian Showjumping Stables at Whittlesea, showjumping and doing freshman's competitions. Russell stated that: 'Diva is impeccably behaved at competitions and has great trainability and ride including flying changes.' Returning home, Tammy Broersen competed Diva in preliminary dressage, almost always placing. Diva then returned to Russell Johnstone for further jumping, frequently placing in her competitions. For the past 12 months Diva has been on loan to a 14yo girl at pony club. Now the owner/breeder has retired, she would like to see Diva's potential realised. With her pedigree on both dam and sire sides and her trainability and impeccable behaviour, she has significant potential.

Grandsire Freestyle was a premium stallion and champion stallion at his performance testing and ranks in the top 1% of German dressage sires. The granddam of Paloma, Geisha, is a full sister to the dam of Romadour II, sire of Olympic champion Rembrandt – top pedigree! Milky Way is producing some very talented dressage prospects in Europe. Dam Alabama is by Jaybee Alabaster, who is competing in Europe with Hayley Beresford and has some record results for an Australian horse including 22nd in the world to gain a start in the GPS on Day Two of WEG 2010 and scored more than 70%. He is the sire of such horses as FEI youngster Albert (Rachael Downs); Roger Fitzharding's Amerigo; Wendy Halma and Greg Pratt's Jaybee Aloisi (exported to Germany). Alabama's bloodlines go back to Valuta (Gert Donvig), and the immortal Souvenir. This is her second foal, her first foal being Royal and Australian champion, Buckwell Park Heir Apparent. Inca is an eye-catching youngster who is well-balanced and athletic. He has the ability to lengthen and shorten his paces at will. His trot goes from explosive extended, to sitting back on his hindquarters, to almost piaffe. He has a naturally quiet and sweet temperament and loves attention. He displays talent for dressage but could also excel in the eventing field.

Brown gelding 20/10/2010 15.3hh

Fiji R is fast developing a reputation for throwing very good-looking foals, almost feminine, who are very quiet and who really, really move. Frosty Morning R has all of this AND has also inherited from his Jive Magic mother, power and scope to burn. He is a fascinating study of a beautiful blend of two very different lines. Both of these lines, the Florestan I line and the Jazz line, are legends in their own right the world over. Interestingly, there are very few examples in the world of these two lines coming together and producing a genetic mix. Frosty Morning R is a sensation. He is very petite with a finely chiselled face and a beautiful big star in the middle of his forehead. He moves with the grace of a ballerina, however, he also has great technique from behind and comes off the ground in defiance of gravity. Fiji R, the sire of Frosty Morning R, is by Florencio, who was the World Young Horse dressage champion as a 5yo and again as a 6yo. On the dam's side Frosty Morning R is out of a Jive Magic mare, Just Morning R, who in turn is out of a Richmeed Medallion mare. Both Jive Magic and Richmeed Medallion were sensational Grand Prix competition stallions. Diamond Delight, the great-granddam right down the bottom, is by Don Ramiro who was the most sensational young dressage stallion under Heath Ryan before being sold back to Germany. Diamond Delight is in turn out of a Salute mare! Frosty Morning R is so modern and so beautiful.

Twinkle Toes is one of those horses that slipped through the cracks and was forgotten. She was originally bred by Peta Wilson and certainly does carry purple bloodlines that should have taken her to some lofty destination. Anyhow Peta ran out of puff and I told her to send the mare back to me (Heath) and I would sort it out. Well the years kept going and we work some 70 horses each day and equally we have some 70 foals born each year. Twinkle Toes just kept being put back in priorities. We did break in Riverina the mother of Twinkle Toes and sold her for Peta and she was a fabulous mare and is a great success with her new owner. Of course Twinkle Toes should be even better under saddle and she is still young. Twinkle Toes is by Jive Magic who was one of the few serious Grand Prix dressage stallions in Australia. Twinkle Toes is out of the Regardez Moi mare Riverina R. Regardez Moi is forever young and at 19 has just won the Intermediate II, Grand Prix, Grand Prix Freestyle and Grand Prix Special at the recent Australian National Championships. Again Australian Grand Prix Champion. Lucilla is a full sister to Stirling Liberty, World Cup showjumper with Gavin Chester and who sired GP champion Snowy River Blackwood (Di Jenkyns). Twinkle Toes is in foal to Fiji R who is throwing sensational- looking stock that are very quiet and who really move. Fiji R is now competing at Grand Prix with young rider Bree Tillitzki. Regardez Moi is Australian Grand Prix Champion again despite being 19. Rondelle R is out of the mare Sandy, by Salute. Salute is sire of Victory Salute, 9th in the world at WEG 2010; Stirling Stilton, who was the highest-placed Australian combination at the WEG 2002; Staccato, who was ranked the number one eventing stallion in the world; F1 Pharenelli, short-listed for the 2012 Olympics; DP Christopher, NSW Grand Prix dressage champion; and also Socialite R, mother of Mystery Whisper (London 2012 Olympics). Rondelle R is a full sister to Le Grande Ringleader, a gelding sold at June 2013 AOS for \$35,000. Le Grande Ringleader was a brilliant 7yo scoring a massive 72.4% in his first official dressage competition. He remains steady and confident even when put under pressure or ridden by a nervous or less experienced rider. Windjana Donfro boasts some incredible bloodlines including Ludendorf, Richmeed Medallion, Salute and Donnerhall. His grand sire, Blue Hors Don Shufro, is a living legend and for the 10th time, the number one in the breeding value estimation of Germany and number six on the WBFSH list for dressage stallions. Blue Hors Don Shufro was also the Olympic bronze team winner in Hong Kong 2008. Windjana Donfro does, however, have mild locking stifle. He has never had a lame day from being broken-in to now. He has a great temperament being handled from foal onwards, and he really does enjoy the company of people. With these bloodlines combined with a trainable and genuinely kind small horse, he could be a great young rider's mount to move onto or for someone who does want something that will hopefully be very straightforward to train, with potential to go all the way to Grand Prix. He would also make a very classy adult riding club horse or pony club horse. Occasionally this type of horse does find a home in the recreational end of the sport and then unexpectedly forms a great bond with their rider and out of nowhere becomes a superstar. This does happen and this is just the sort of horse that will have sleeping talents that will respond to this sort of situation.
