AOS Horses Going Gang Busters

Welcome to our Auction of the Stars (AOS) July 25/26. We are always reinventing ourselves and this year we bring some new stallions to the performance arena and each stallion will auction off two service fees without reserve. This will mean some very cheap service fees to some sensational stallions.

AOS historically has a very clear record of presenting stallions that do go on to be Australian icons and who do have genetics to impact on our future. This focus on genetics and the fact that this consideration materialises into performance has, over the years, very much been an AOS thing! Without question we were before our time, however today these philosophies are clear for all to see and the top riders and those that are going to become top riders are very influenced by their evaluation of the genetics of the horses they are buying.

Leading out the charge of the stallion presentation is *Regardez Moi*, one of those young stallions presented many years ago with impeccable bloodlines. Today he is a legend in his own right, being the most winning Grand Prix stallion ever in Australian history. Although he is now 19 years of age he is also the reigning Australian Grand Prix Dressage Champion. This is the third time he has held this title!

This auction is full of young horses that are not necessarily going to be very expensive. Right now the Australian one day event champion is *Don Skipcello* with Murray Lamperd – *Don Skipcello* was sold through the auction as an unbroken two-year-old for \$2600!! In actual fact for those of you who are prepared to do your homework, you will realise that horses sold at the auction do end up in hindsight being incredibly cheap.

The hype and the glamour and the requirement of on-the-spot decisions does make most people a little nervous. Understandable. As a result of this, it does take many of our buyers a second or third visit before they purchase. Also interesting to note is that a high percentage of our buyers are purchasing horses for the second or third time. Once people get over the pressure and different buying environment we do deliver and our buyers come back. Without question we go out of our way to be genuine and also to look after buyers after the fact.

Horses purchased through the auction who do return to the market in future days have a clear record of returning bigger prices than their original purchase price. People do instinctively think that at an auction everyone gets carried away and you end up paying more than the horse is worth. Honestly, when you think that everyone else is stupid and you are the only person in the world that is sensible then you know you are not being realistic. People at the auction have a good and guarded estimation of what they think a horse is worth. They are not stupid and simply stop bidding once a horse goes through their budget or exceeds their opinion of its valuation.

Check the records. Horses at the AOS represent wonderful value for money and more than any other single source we do produce horses who go on to perform outstandingly whether it be for local competitions and enjoyment or a rider with Olympic aspirations. Good Luck.

Cheers,

Heath

NO EXCUSES NOW

Once upon a time, it was okay – and even believable – if a rider said they had no chance of being good at dressage.

Once upon a time, it was okay – and even believable – if a rider said they had no chance of ever riding at Grand Prix.

Once upon a time, a top dressage horse needed to be imported from Europe to have any potential, or it needed to be created using expensive, unreliable frozen semen, and only someone who was really 'serious' about riding would go there.

Once upon a time, Grand Prix was an unattainable, lofty height, a land of top hat and tails and amazingly difficult movements that few could hope to achieve. And only a handful of coaches around the country had the skills to get their students there.

Once upon a time, only a handful of horses at any given dressage competition had the ability to get to Grand Prix.

Those times are gone. There is no longer a lid on the jar. There is no limit to our aspirations.

I know of riders who have picked up cheap horses by being in the right place at the right time, horses that are genetically bred to do the Grand Prix movements. A client collected a green 6yo Byalee Romance mare out of a Falkland eventer for a few thousand dollars. Why shouldn't it make Grand Prix? Byalee Romance was an AOS stallion that could really, really piaffe and passage and boasted a truly magnificent trot. His full brother Utopia Cardinal is Grand Prix with Heath Ryan today. But you can even breed a TB mare to a stallion with proven ability to create piaffe and passage for as little as \$1000. My first Grand Prix horse? Back in the 90s, he was the product of a Ludendorf/TB cross, and Australia has come a long way since then. You don't need a fortune. Money is no longer an excuse.

Why shouldn't everyone aspire to ride at Grand Prix? Once it was a huge challenge. Barely a horse could piaffe, and training meant driving hours to find someone with half a clue, only to drive more hours to find a Grand Prix competition!

Now, we have the horses. In fact, we have so many horses that a basic lower-level horse with the genetics to compete at Grand Prix doesn't cost an arm and a leg.

Now, a novice dressage class might boast 60% to 80% of its entries as potential Grand Prix candidates, depending on where and what the competition is.

Now, we have the coaches. Many of us have trained a number of Grand Prix dressage horses and geographically you don't need to drive halfway across Australia to find someone who can help.

Now, we can do it. The only thing stopping us from being good is our history – we haven't been good. It's time for Australia to catch up with the rest of the world. We have the horses, the coaches, the skill and the enthusiasm.

Step up!

Ann-Maree

RIDDEN HORSE TRIALLING

This is one of the outstanding opportunities offered through the AOS selling program. We would encourage all riders who are slightly interested in the ridden horses to pluck up the courage to trial these horses in the official trialling times. Of course you are very welcome to trial these horses by prior arrangement in the weeks preceding the auction. Most people do suffer from the thought of riding in front of a crowd on the official trialling day. Our take on this is that if you are too embarrassed to look out for your own interests, then certainly nobody else will. Also, if you have dreams and ambitions, secret or otherwise, and being embarrassed is the biggest obstacle you have to overcome, then really life is not too bad. Realistically you will have to overcome much bigger obstacles than just being self-conscious or embarrassed. Get out there, trial these horses and take advantage of a great opportunity.

At the auction you do have the unique advantage of comparing one horse against the other. This comparison opportunity is exactly what happens in competition, one horse immediately compared against another, a phenomena which is very difficult to replicate when buying a horse privately. Riding is a passion discipline and in most instances when buying privately a prospective purchaser falls in love with a horse and buys it. In the auction situation, a prospective purchaser is much more likely to weigh up the pros and cons of each horse on a comparative basis. Of course, falling in love with the horse is a critical ingredient for success but we at the AOS would encourage you firstly to select your next horse on an intellectual level, then follow your heart and fall in love with the horse. We all know of people that have bought horses that didn't turn out to be everything they had hoped for but nevertheless, love the horse and persevere even when it is clear they should sell and start again. Treat the auction trialling as a day at the office.

We encourage everyone to trial each horse that goes close to falling into their wish list category. Keep in mind that sometimes a horse that reads and looks mediocre in the catalogue actually turns out to be lots better in real life than you had expected. Conversely, some horses will catch your imagination in the catalogue, and then be disappointing in real life. Once you ride more than two horses you will lose track of details on each horse so we encourage you to write notes on each horse immediately after trialling them. Also, watching a horse being trialled by other riders is a great way of assessing honesty and rideability.

The first official trialling is at 1.10pm on Saturday 25th July and we would encourage all interested parties to take advantage of this Saturday trialling. This does give you as the potential buyer the opportunity to have another ride the next day Sunday 26th July at 8:00am. This also gives you enough time to research the horses and talk to the owners.

The basic format of trialling is that two or three horses come into the arena and are shown off for the first five minutes by their vendors, basically warming up and just gently running through the horse's routine. Then people wishing to have a little sit are invited to come forward. Prospective buyers organise to trial a horse by approaching the AOS representative, who takes a list of names so as to keep the trialling ordered, and also signing the appropriate waivers. Each trialling is tailored to each rider's individual needs, keeping in mind that the first and foremost priority is safety, and of course the well-being of the horse. It is a very hectic schedule with two sessions of public trialling plus the auction, all in two days, so horse welfare is a major consideration. We are of course very aware of also servicing the riders' needs.

Good luck, and if you have any questions please feel free to contact Heath Ryan on 0417 656 636 or email info@auctionofthestars.com

Black stallion 1996 16.3hh

Regardez Moi is the most winning Grand Prix dressage stallion in Australian history with more than 40 Grand Prix wins, and similar record wins in the Grand Prix special and freestyles. He is currently Australian Grand Prix Champion for the unheard-of third separate occasion, this time at the age of 19. There is nothing he hasn't done: Grand Prix champion at Equitana for three consecutive years, winning the Grand Prix Special at Australia's CDI and the Grand Prix Freestyle by more than 4 % last year, representing Australia at the 2009 World Cup Final in Las Vegas. Regardez Moi has sired many outstanding competition youngsters including Utopia Cardinal, now placing and even surpassing his sire on occasion at Grand Prix. Other offspring are winning at PSG and Intermediate I levels. Weanlings by Regardez Moi have also been outstanding successes in the auction arena, averaging as much as \$17,000 in past auctions. We firmly believe that Regardez Moi offspring will make a great contribution to Australia performing brilliantly at the Olympic Games in the near future. Live cover only.

Palomino stallion 2004 17.2hh

AOS goes to great lengths to ensure that we have the stallions with the best Grand Prix genetics in the world - this is one of them, and Byalee Briar is the only stallion in Australia by Bjorsells Briar 899 who is shaping up to be competitive and startlingly spectacular. Briar has had a quiet beginning to his career, but Ann-Maree has never given up on her vision and his schooling is now allowing those genetics and underlying talents to come to fruition. This is what we advocate, that those genetics give us what no one else has! Briar is showing signs of realising his promise and is responding positively to schooling in piaffe, passage, tempi changes and pirouettes. He is now finding new gears that make him very exciting! He is completely focused on a pathway to Grand Prix, but having said that, the information we are getting back is that he is also throwing serious jumping talent, which is just a bonus. Bjorsells Briar 899 (elite-listed stallion) was for seven years the world's number one dressage breeding stallion. However, he actually scored higher for jumping than dressage at his stallion testing, as did Briar's dam sire, Bernstein, another elite-listed Swedish warmblood. Briar has an advanced level qualifying average of more than 65% and we look forward to even better to come. Briar is renowned for his amazingly calm temperament and buyers are enthusiastic about his youngstock, which inherit his statuesque conformation and athletic ability. Live cover only.

Black stallion 2007 16.3hh

Rielly' is an ISH stallion by US Grand Prix showjumper, Blue Diamond. Ridden by Harley Brown, he is a freak jumper, 16.3hh, black and stunning. Rielly has attracted attention from top-level eventers and showjumpers. How High Equestrian has had offers to buy him and a number of riders offering to take the ride on him. Rielly's first foals are on the ground and we are so pleased with them all. They have their sire's good looks, long legs, and lovely temperaments! A number of top-level riders have sent their mares to Rielly, recognising that he has all the attributes of the modern performance horse. Recently Heath Ryan stated that Rielly could be the next 'freak' eventing sire. Rielly's dam line also includes a number of proven TB jumping lines including: Sir Ivor, Sir Gaylord, Agricola, Precipitation, Summertime, Zephyr Zip, Biscay, Northern Dancer and Hyperion! There have not been many Blue Diamond Horses in Australia but the ones we have seen have all been amazing jumpers. Rielly consistently scores very high marks in dressage, showing that he has what is required to breed top-level international performance horses for eventing, showjumping and dressage. If you want to breed an international eventer, an Irish sporthorse the way to go. Since the Breeding Federation for Sport Horses was established in 1994, the Irish Sport Horse Studbook has taken top spot in eventing rankings for 19 of 21 years. Stud fee: \$1800 fresh or chilled.

Dark brown stallion 22/11/2008 16.2hh

Constable is by the sensational eventing stallion Contenda who is being ridden by Shane Rose at two-star eventing level. There are some absolutely sensational photos of Shane and Contenda jumping on the Net. Contenda carries the fantastic jumping blood of Contender from Germany. Contenda also carries the thoroughbred blood of Bolero, who has carved a name for himself in Europe as a sire of Olympic dressage horses. The Bolero blood can be found in Ryans' new stallion Quest R. The Bolero bloodline in Germany is considered a dynasty. On the dam side, Wimborne Constable has equally impressive bloodlines. He is out of Paint it Black, by Gribaldi. Gribaldi is famous for siring many Dutch Grand Prix dressage horses including Totilas, considered by many to be the best dressage horse the world has ever seen. Also back on Wimborne Constable's dam line is Ludendorf, who to our knowledge is the only stallion ever to be long-listed for Australia or any other country in both eventing and dressage at the same time. Wimborne Constable does sport some of the most wonderful competition bloodlines. He has a great walk, trot with spring and pizzazz and a balanced canter. Wimborne Constable's greatest quality is his quiet and amenable temperament. We believe he has the potential to make a Grand Prix dressage horse, however, initially is going to follow in his father's footsteps and will appear on the Australian eventing circuit. His career has indeed begun since this original write-up and he has won a preliminary one-day event at Quirindi which, although a long way to go, is very promising.

Black stallion 2004 16.2hh

Markus V is a stunning, black, modern purebred Friesian stallion who has brought unique bloodlines to Australia. His sire, Fabe 348, produces talented, well-conformed offspring with Grand Prix progeny already competing in Europe. Markus V offers the masses of mane, tail and feathers of a true Friesian along with the agility and talent of a warmblood. He is a registered Foalbook Stallion with the KFPS (Royal Friesian Horse Society), was awarded Star and Sport Predicates by the Society, and received a score of 80 in the ridden test at the recent 2015 NSW Friesian Inspection with Emma Bishop in the saddle. Markus V has been taken on by young rider Bryce Russell, who imported Markus with his father, Michael. Markus, an already advanced dressage horse, has been able to carry Bryce up the grades in dressage and has begun schooling fantastic piaffe and changes, something completely new to Bryce, but with Markus' kind, willing temperament and amazing rideability, he has picked up the more advanced movements very quickly. He is very easy to handle and doesn't have a mean bone in his body. This stallion is very exciting as a new addition to Australia's gene pool and his talent in the dressage arena, watch this space for his first foals to be born next year.

Flaxen chestnut stallion 1/01/10 15.2hh

Wow is a stunning little stallion, winning official elementary dressage on more than 70%, medium level on more than 67%, and training tempi changes and piaffe. Wow is being campaigned by Dimity Lourey, and like mother like daughter, she is completely focused on training him to Grand Prix level. This will be the first horse that Dimity has trained herself to that level, but we have every confidence in Wow. He is a stallion with a great temperament, naturally sound and although few people make this journey to Grand Prix with success, watch this spot! Dimity is going to be one of them and the AOS stallions do have an unbelievable history of going all the way to Grand Prix. You would have to think that when AOS suggests a stallion is going to go all the way, history says you have to sit up and take notice. It's all in the genetics – AOS was way ahead of our time when we ensured that we bought in the best bred stallions. Wow is by Wie Weltmeyer, a top showjumper and Grand Prix dressage horse before his international dressage career with Emma Hindle (UK). He is out of the impeccably bred TB mare Law Suit, who descends from the highly sought-after bloodlines of Son In Law, Blue Peter, Precipitation and Vain to name but a few.

Highland McGuire

STANDING AT HOW HIGH EQUESTRIAN,
BRAIDWOOD, NSW

LOT
G

Grey stallion 2005 16.3hh

McGuire is a stunning stallion, currently the highest-ranked eventing stallion in Australia. McGuire is a beautifully put-together Irish sporthorse by the talented Conqueror King, who also produced Cushavon Crackerjack, currently competing at three-star level. McGuire shows the bone and muscle of the Irish sporthorse, with a wonderful temperament that he throws to his progeny. His performance pedigree is underlined by the success of his dam side – the Zephyr line has produced many star performers including Highland Inspiration (3*) and Enchanted (4*) plus many others. McGuire started his competition career in 2009 with a 3rd at SEIC. He finished that year with a 2nd at the NSW State Championships at preliminary level. He is now competing successfully at 2* and is aiming to compete at his first 3* at the State Championships in October 2015. Highland McGuire is testament to the quality of the Irish bloodlines. Sam Lyle recently commented, after knowing McGuire and also coaching one of McGuire's first offspring to be broken-in, that everyone should be breeding to McGuire as his offspring are talented and easy to train and ride. If you want to breed an international eventer, an Irish sporthorse the way to go. Since the Breeding Federation for Sport Horses was established in 1994, the Irish Sport Horse Studbook has taken top spot in eventing rankings for 19 of 21 years, including last year.

Chestnut stallion 26/9/11 17hh

Quest R is our new baby AOS stallion and is certainly causing a lot of interest. At his first dressage meeting in May 2015, he scored 84% in his first test and needless to say won comprehensively. We are more than aware that there is a lot of water to go under the bridge before Grand Prix but considering our record, one would have to think that this is a shining star of the future. Quest R covered his first few mares last season and they are already being sought after. The foals will be inspected with excitement. The first mare to be offered for sale in foal to Quest R is in this catalogue, Red Morning Light R, Lot 14. Quest R is by Quarterback who carries Quando-Quando blood Quando represented Australia at Aachen WEG 2006 and at the 2008 Olympics in Hong Kong. Sire Quarterback, was the Bundeschampion 3yo riding horse with 10 for rideability. On Quarterback's dam line is Poesie (Brentano II). Poesie is dam of Poetin, winner of Bundeschampion as a 3yo, 5yo and 6yo. Poetin sold for 2.5 million euros! Quest R's dam is also by Brentano II out of a Wenzel mare. Brentano II is famous for producing international Grand Prix dressage horses including Brentina. Brentina was the winner of the World Cup Final in 2003 Goteborg in Sweden. Chilled semen only.

Jedi R is just broken-in, super-doooper quiet and going beautifully under saddle. He is by Grand Prix dressage stallion Jive Magic out of Ruby (Regardez Moi). On three occasions Regardez Moi has been the Australian National Grand Prix Dressage Champion, in 2009 he represented Australia at the World Cup finals in Las Vegas, USA, and he has won Sydney CDI's GP freestyle a record seven times. Ruby's dam, Sarbs Meredith, is a beautiful AWHA-registered mare. Meredith is by Richmeed Medallion (imp) a Grand Prix stallion (dec) who has stamped himself on Australian dressage and jumping with a myriad of champions like Byalee Magic, Mauritius, Gracefield Fabian and 4-star eventer Mystery Whisper, sold in 2011 to the USA and at the London Olympics 2012 with Philip Dutton. Richmeed Medallion is by May Sherif, still the only stallion in the world to sire two World Cup Final dressage winners, Andiamo (Sven Rothenberger) and Matador (Kyra Kyrklund). Black mare 13/9/08 16hh PPT to Tolegro

Relish R is black with four white socks and a star. She naturally carries herself and has immediate charisma. Once moving, this mare does take centre stage with her power and lift and complete denial of gravity. Relish R is by Regardez Moi, who has won Australian Grand Prix Champion three times, and Sydney CDI GP freestyle a record seven times. On the dam side of Relish R is Jive Magic, also a very successful Grand Prix stallion. Grand-dam Wham R is by Weltmeyer, who has created a dynasty that has swept across Germany for the past 15 years. Wham R is out of Marge R, a statuesque mare that carries the May Sherif bloodlines through Richmeed Medallion. Medallion was a Grand Prix dressage horse and May Sherif sired two World Cup Freestyle winners, Matador (Finland) and Andiamo (Germany). May Sherif is still the only horse to sire two World Cup Freestyle winners. Relish R is sold in foal to Tolegro. Tolegro is by Totilas, who has been and possibly still is the best dressage horse the world has ever seen. It is rumoured that Germany paid AUD\$22million for Totilas. The damline of Tolegro carries Negro and Flemmingh blood. Negro is also the sire of Valegro, who is currently the Olympic Gold Medallist (London 2012) and reigning World Champion (France 2014). This foal has to represent the new age of the best bloodlines in the world today. In existence, in the world, there is probably no other foal that can match these genetics. This package is for the dressage connoisseur.

Chestnut gelding 25/12/10 16.2hh

SR Trackerjack (Cracker) is purpose-bred by Chris Hopkins at Merriwa, NSW, to event and is already winning at intro level. Cracker has three nice paces, is steady and very trainable on the flat. He is lovely to sit on and is already schooling more advanced movements due to his fantastically trainable nature. He is also very bold over fences and is already easily jumping over 1m. He has had extensive cross-country schooling and is confident with arrowheads, water, ditches, etc. He has huge scope over fences and at the same time is careful with good technique. Cracker has also been out to several straight dressage days and has never come below second place, scoring between 68% and 73% on each occasion. He has regularly been out to jump clubs and is really confident and ready to step up and become a serious event horse. SR Trackerjack's sire (Hopscotch) is by Croflea Artisan who is a famous NZ jumping line that has produced many successful eventers. On the dam line is Don Ramiro who is mainly known as a dressage sire, but has also influenced the bloodlines of several successful eventers such as William Wordsworth and Loxley who were both sold to Emily King (daughter of Mary King) in the UK, and also Don Panache campaigned by Stuart Tinney who was also sold overseas after a successful career in Australia. Fairy Floss, by Double Cream, has also made a huge contribution to eventing in Australia being on the dam side of Stirling Sprite who has produced many FEI level eventers (such as Hunter Hill, Adelaide Hill, Orchard Hill, Nottage Hill and Bonza Troy) as well as being a successful competition horse himself, jumping at World Cup level and eventing at 3* level. Royalty R is a beautifully bred horse by Australia's most winning Grand Prix stallion, Regardez Moi. Regardez Moi is currently the reigning Australian Grand Prix champion for the third time. Royalty R is out of Josie R who in turn is by the powerful Grand Prix stallion Jive Magic. Josie R is the mother of numerous outstanding foals including a full brother Royal Jive R who sold for \$15,400 at AOS in 2012. Ryans retained a full sister, Russet R, for their breeding program, and she has gone on to breed amazing foals such as Friendly Rhythm R by Fiji R. Josie R is out of Anky, who in turn is by the FEI stallion Ilkay. Ilkay was a very fancy Dutch stallion imported into Australia by Val D'Agent. Ilkay has, with limited opportunity, sired some very impressive competition horses. Interesting enough, Ilkay is by Variet. Variet is the dam line of Olympic gold medallist and world champion dressage horse Valegro. Australia has been very slow to pick up on this fact. Anky's grand-dam Alpha II was an FEI dressage horse with then-teenager but now Olympian, Kristy Oatley. Royalty R has an amazing half-brother by Fiji R called Frederico R. Frederico R has been purchased by Dean Ryan who works at Ryans (inside information!). Like Royalty R, Frederico R is breathtaking and we feel this whole line is right up there with the best in the world.

Byalee Gucci is one of the most powerful, majestic horses we have ever offered for sale. By an amazing black imported Dutch Fresian stallion, he appears to have inherited only his colour from his mother, his presence quite obviously courtesy of the sire. Gucci was broken-in almost two years ago and arrived at Byalee to continue his training six months ago. Brought back into work by a tiny 18yo rider, he has since been campaigned by Dimity Lourey. Gucci has never been unplaced, and is powering up the ranks, scoring more than 67% and 66% to place 2nd and 3rd in each of his official preliminary tests at last outing. At home, Gucci is training in the lateral work and has shown that he has a natural aptitude for flying changes, not surprising given his incredibly springy paces. We do feel that he will also be talented in the area of piaffe and passage, covering all of the difficult areas of the Grand Prix! Thanks to the people-friendly Gucci, a number of Byalee pupils who come just once a week have been able to have a sit and feel a top quality horse - all have walked away grinning from ear to ear. Gucci does appear to have all the makings of a top dressage horse!

Red Morning Light R is pure dynamite. She comes from a very successful line of stupendous movers in the Ryans broodmare herd. This is definitely as state-of-the-art movement as you will see anywhere in the world. Red Morning Light R is the mare we selected to be mother of our Totilas breeding. We had a filly who will duly be promoted heavily, which of course will impact on Red Morning Light R progeny in the future. The one unusual consideration for a mare of these bloodlines is that Red Morning Light R is smaller than you would expect. Red Morning Light R is by arguably the most winning Grand Prix dressage stallion ever in Australian history in Regardez Moi, currently Australian Grand Prix champion for the third time. The bloodlines on the dam's side are just amazing with imported GP stallions Jive Magic and Richmeed Medallion, plus Don Ramiro, imported then exported back to Germany. Red Morning Light R is one of our first mares to be offered in foal to exciting young stallion Questing R. Questing R has the most magnificent temperament and massive, loose paces, and is by Quarterback out of a Brentano mare carrying Wenzel, Donnerhall, Pik Pube and Salute bloodlines. Questing R recently had his first dressage start for 84%! We expect this foal to represent the new cutting edge of dressage.

Black mare 17/03/11 15.3hh

Music R is a beautiful black mare with some fascinating bloodlines. She is not long broken-in and is naturally very quiet and obliging. Music R's sire is Regardez Moi, arguably the most winning Grand Prix dressage stallion ever in Australian history and currently Australian Grand Prix champion for the third time. On the dam side of Music R is Richmeed Medallion who goes back to May Sherif. May Sherif is the sire of two World Cup Freestyle winners in Matador with Kyra Kyrkland from Finland and Andiamo with Sven Rothenburger in the saddle from Germany. To this day May Sherif is the only stallion to have done this. Up there also is Desert Gold who is by Dutch Gold who went to the Olympics with Jennie Loriston-Clarke in the saddle (Dutch Gold is out of Dutch Courage, 6th at the substitute Moscow Olympics). Kilof McOhl on the dam side evented at 3* level and was one of Mary Hanna's first FEI dressage horses. Music R has spent most of her life in Western Australia growing up with Lindsay and Kath Honey and is now ready to take on life and pursue a great destiny.

Black gelding 2/01/14 mature 16.2hh

Rosco R is black with three white socks and a star and snip. He naturally carries himself and has immediate charisma. Once moving, this gelding does take centre stage with his power and lift and complete denial of gravity. Rosco R is by Regardez Moi who is reigning Australian Grand Prix Champion for the third time. On the dam side of Rosco R is Jive Magic who was also a very successful Grand Prix stallion. The granddam Wham R is by Weltmeyer, who has created a dynasty that has swept across Germany and the world for the past 15 years. Wham R is out of Marge R, a statuesque mare who carries the May Sherif bloodlines through Richmeed Medallion. Medallion himself was a Grand Prix dressage horse and May Sherif sired two World Cup Freestyle winners, Matador (Finland) and Andiamo (Germany). May Sherif is still the only horse to sire two World Cup Freestyle winners. Rosco R is a full brother to Relish R, offered for sale in this auction in foal to Moorlands Totilas son Tolegro. Rosco R has a powerful build which is quite eye-catching especially when he is moving and showing off his talent for being so airborne! Rosco R has a wonderful walk, breathtaking trot, and a really soft and balanced canter. Just looking at Rosco R and considering his genetics (Rubinstein, Angelo, Consul, Donnerhal, Jazz, Weltmeyer, May Sherif and Dutch Courage) this is a young horse with a big future.

Jazz Ballad R is an eye-catching 3yo gelding by the Grand Prix dressage stallion Jive Magic. Jive Magic was known for his impressive power and strength and this is evident in Jazz Ballad R. Jazz Ballad R's dam, Rumba R, is by none other than Regardez Moi. Regardez Moi is the current Australian National Grand Prix Champion and has won this title on three separate occasions, as well as representing Australia at the World Cup Finals in Las Vegas in 2009. Rumba R has been an exceptional broodmare for Ryans, having already produced three full brothers to Jazz Ballad R. Three of these full-brothers have been purchased by ambitious young riders including top FEI Young Rider Robbie Soster. The remaining full-brother, Jazzamatazz R, was purchased at auction by Grand Prix dressage rider Caroline Wagner. The dam's line goes back to Duntroon who was the sire of Heath Ryan's 2008 Olympic dressage horse Greenoaks Dundee. This is the only mare line that Heath and Rozzie have that directly traces back to Greenoaks Dundee. Jazz Ballad R is full of confidence and character. He has a wonderful uphill way of going and shows natural elasticity and balance. Jazz Ballad R is a serious competition horse for the future and his distinctive white splash will make him stand out from the crowd

Rufio R is a sensational bay colt by the three-time Australian Grand Prix Champion, Regardez Moi. Regardez Moi has won some 40 Grand Prix dressage competitions and is the most winning dressage stallion ever in Australian history. Rufio R's dam Ella is by Jazz, and Jazz is one of the best dressage sires ever in the world. Jazz himself represented Holland as an international Grand Prix dressage horse at the 2002 WEG in Spain. Northern Charisma, the grand-dam of Rufio R, was also a dressage star and the Australian Grand Prix Dressage Champion ridden by Rachael Sanna. Northern Charisma, like Regardez Moi, also represented Australia in the World Cup Finals, which in 1999 was in Dortmund, Germany. A decade later, Regardez Moi represented Australia in Las Vegas at the World Cup Freestyle Finals. How amazing is that for both father and grandmother of Rufio R to represent Australia at the World Cup freestyle finals! Rufio R does represent the most amazing collection of dressage genetics. Rufio R has a great walk, a trot with spring and flair and a canter with softness, balance and roundness. Perhaps Rufio R's most outstanding quality is his trainability. Rufio R's full brother Rubio R sold as a weanling at AOS 2009 for \$18,000. Rufio R is right now looking for a partner to go on and challenge the world and also represents a serious breeding opportunity

Liver chestnut mare 11/1/12 mature 15.3hh

Suzi Q R is a very powerful moving young mare. She also carries some bloodlines that hint at great jumping. Her sire, Starnberg, was outstanding and trained at Ryans for two years. He responded magnificently and at the end of that time he could piaffe, passage and do one-time changes. He was outstanding. Starnberg is by Sir Donnerhall, by Sandro Hit – both are major contributors to the best horses in the dressage world. Interestingly, Rapunzel, who is the dam of Starnberg, represents some fascinating jumping lines. Suzi Q R is out of Rowena R by Regardez Moi who is a legend in Australian dressage being the current Australian dressage champion for the third time. Rowena R out of a Jive Magic mare, Jodi R, with Jive Magic being one of the most powerful Grand Prix horses Australia has ever seen. Jodi R is in turn out of the Salute mare Shakira R. Shakira R is by Salute, also the sire of Victory Salute who with Brett Parbery in the saddle came 9th in the world at the 2010 WEG dressage competition. Salute has produced international three-day eventers and World Cup showjumpers as well as Grand Prix dressage horses. Suzi Q R is a delicate or more refined type warmblood who will make up into a very pretty individual given some time and TLC. She does carry some significant dressage bloodlines and is really nice to be around. Just a nice person. Certainly we take her very seriously and feel that Grand Prix dressage is easily within her reach. Suzi Q R will make somebody very happy.

Chestnut mare 06/11/09 15.2hh

Revlon is a beautiful smaller elegant mare who is very light to ride and who has outstanding self carriage and balance. Revlon is quiet and really nice to be around. She is by Royal Hit, which goes back to Rubinstein out of TL Granata, which goes back to Belcam Glasgow. Revlon has indeed done quite a bit of jumping over lower fences. She is very agile and adjustable in front of the fences. Revlon is being schooled and campaigned by one of the girls, Shoshona, who works here at Ryans. Royal Hit has had a number of really beautiful youngsters who are only just now starting to hit their straps on the Australian competition scene at the higher levels. Revlon has a nice walk, a very soft trot which is elegant and light and a beautiful canter which again is light and easy to sit on. As a dressage horse Revlon has a real future. Shoshona who is currently schooling her comes from a successful showing background and feels that Revlon would also be very successful in the showing arena. Revlon does have a lot of “look at me” presence. At this stage Revlon has not been campaigned but is ready to go.
