A MESSAGE FROM HEATH

This is the first time we have had our mid-year auction here at Heatherbrae. Ordinarily, the December auction is the only one here at Heatherbrae. This is also the first time we have had a Ride to Rio Ball on the Saturday evening between the auction presentations starting on Saturday morning and the auction itself on Sunday. For those of you curious about the ball, you can go to the Ryans website (www.ryanshorses.com.au) and find information about the evening event and purchase tickets (dress: black tie and boots).

In this catalogue we have almost 30 lots that do represent an amazing cross-section of the Australian equestrian industry. We have some beautifully bred unbroken stock including the first youngsters from our baby stallion Questing R, which do look super exciting. Already some of the Questing R stock has been sold to Olympic riders including Rachael Downs.

We also have some very interesting jumping-bred youngsters from Holstein Park. These bloodlines represent the best in the world. Mallyon Hills Whistler is a baby filly by Wimbourne Constable, the stallion that I am currently eventing. Constable looks like being the real deal and going all the way. Everyone is crossing their fingers but maybe an Olympic contender for the future. Whistler has the most amazing jumping photo and the Constable talent looks like it is to become a part of Australia.

The 6yo mare Lima Magic by Jive Magic has just started winning preliminary dressage tests on big scores with Emma Bishop in the saddle. She is just on the brink of what could be a very fancy career. For movement-plus, the gelding Mount Highlands Finesse has got to be seen to be believed. This is a 17.2hh First Kiss gelding, now 8yo. Blenheim Park Shining is also 17.2hh and by the very fancy Northern Hemisphere stallion Swarovski. He has just had his first outing at just 4yo, winning both preliminary tests with scores of more than 70% - a really, really lovely youngster. As always, the Buckwell Park presentation is fascinating with Buckwell Park Jordyn being a black and white tobiano. Personally, I have never seen anything like it in terms of colour, however, don't be fooled, the breeding is state-of-the-art and the movement is truly beautiful. This 3yo youngster is by the imported stallion What's Colour.

Talking about interesting sires, Tanderra Woodbank River Gem is a weanling filly by River Dance. River Dance is the sire of Sue Hearn's Olympic contender, Remmington.

Again there are broodmares sporting exotic genetics who are in foal to some of Australia's top performing stallions. I am confident that this again is an auction with horses that have the potential to become part of Australia's history.

Good luck.

Cheers,
Heath

A MESSAGE FROM ANN-MAREE

Dare to Dream

You need money to be good, don't you? Are you sure? It's not just a great excuse to defend your delay in achieving to your potential?

You can't afford to go to the Olympics? You haven't got the money to compete against the top dressage riders who reign the reins in Europe, setting the scene for the next Australian dressage team?

I beg to differ. It's an argument that we debate regularly in our Hunter dressage arenas, and I am one who argues that it can be done. Sue Hearn is living proof. She doesn't compete half a dozen horses for philanthropic owners. She doesn't import Grand Prix horses from Germany. She doesn't spend half her year in Europe and half in Australia. She occasionally buys a horse here, at Auction of the Stars, if it looks like it might be a bargain, and brings it on as a competition horse. Yet she is sitting in prime Olympic contention on a horse by River Dance, bought as a yearling and trained herself.

Thanks to Sue Hearn, all of us can dare to dream again. Sue has never spent a fortune on horses, has never swanned around the competitions in a pop-out, pop-up, state-of-the-art truck, never had a trail of grooms and owners following along behind her, and yet there she is, in Europe, at age 61, second in the scores amongst the Aussies.

It can be done.

And you can start right here. One of my mature-age grooms – a hard-working, invaluable groom – had never been in a dressage saddle or ridden in a dressage arena when she came to Byalee. She learnt the ropes, she earned her top hat and tails and boots as bonus gifts for her hard work, she competed at Prix St Georges on sale horses, she swapped out-of-hours services for a foal with Grand Prix genetics, and suddenly she had all the opportunities anyone else had.

It can be done.

My second Grand Prix horse was bought as a foal. He placed Big Tour with me at CDI level and ultimately ended up elite-listed with Heath Ryan as he was prepared for sale. In real terms, he cost me \$3000.

If Sue can do it, and a 40-year-old groom can do it, and I can do it, then so can you.

It can be done.

At Auction of the Stars we aim to provide the bloodlines that you need to succeed, so that you can then narrow down your search based on gender, size, colour and all the quirks that prompt riders to feel a connection. Thanks to Sue, the dream of the everyday person to one day ride at the Olympics is alive and well. Again. At last.

Dare to dream!

Ann-Maree

RIDDEN HORSE TRIALLING

This is one of the outstanding opportunities offered through the AOS selling program. We would encourage all riders who are slightly interested in the ridden horses to pluck up the courage to trial these horses in the official trialling times. Of course you are very welcome to trial these horses by prior arrangement in the weeks preceding the auction. Most people do suffer from the thought of riding in front of a crowd on the official trialling day. Our take on this is that if you are too embarrassed to look out for your own interests, then certainly nobody else will. Also, if you have dreams and ambitions, secret or otherwise, and being embarrassed is the biggest obstacle you have to overcome, then really life is not too bad. Realistically you will have to overcome much bigger obstacles than just being self-conscious or embarrassed. Get out there, trial these horses and take advantage of a great opportunity.

At the auction you do have the unique advantage of comparing one horse against the other. This comparison opportunity is exactly what happens in competition, one horse immediately compared against another, a phenomena which is very difficult to replicate when buying a horse privately. Riding is a passion discipline and in most instances when buying privately a prospective purchaser falls in love with a horse and buys it. In the auction situation, a prospective purchaser is much more likely to weigh up the pros and cons of each horse on a comparative basis. Of course, falling in love with the horse is a critical ingredient for success but we at the AOS would encourage you firstly to select your next horse on an intellectual level, then follow your heart and fall in love with the horse. We all know of people that have bought horses that didn't turn out to be everything they had hoped for but nevertheless, love the horse and persevere even when it is clear they should sell and start again. Treat the auction trialling as a day at the office.

We encourage everyone to trial each horse that goes close to falling into their wish list category. Keep in mind that sometimes a horse that reads and looks mediocre in the catalogue actually turns out to be lots better in real life than you had expected. Conversely, some horses will catch your imagination in the catalogue, and then be disappointing in real life. Once you ride more than two horses you will lose track of details on each horse so we encourage you to write notes on each horse immediately after trialling them. Also, watching a horse being trialled by other riders is a great way of assessing honesty and rideability.

The first official trialling is at 10am on Saturday and we would encourage all interested parties to take advantage of this Saturday trialling. This does give you as the potential buyer the opportunity to have another ride the next day Sunday, at 8am. This also gives you enough time to research the horses and talk to the owners.

The basic format of trialling is that two or three horses come into the arena and are shown off for the first five minutes by their vendors, basically warming up and just gently running through the horse's routine. Then people wishing to have a little sit are invited to come forward. Prospective buyers organise to trial a horse by approaching the AOS representative, who takes a list of names so as to keep the trialling ordered, and also signing the appropriate waivers. Each trialling is tailored to each rider's individual needs, keeping in mind that the first and foremost priority is safety, and of course the well-being of the horse. It is a very hectic schedule with two sessions of public trialling plus the auction, all in two days, so horse welfare is a major consideration. We are of course very aware of also servicing the riders' needs.

Good luck, and if you have any questions please feel free to contact Heath Ryan on 0417 656 636 or email info@auctionofthestars.com

Black stallion 16.3hh 1996

Regardez Moi is the most winning Grand Prix dressage stallion in Australian history with more than 40 Grand Prix wins, and similar record wins in the Grand Prix special and freestyles. There is nothing he hasn't done: three-time National Australian Grand Prix champion; Grand Prix champion at Equitana for three consecutive years; representing Australia at the 2009 World Cup Final in Las Vegas. Regardez Moi has sired many outstanding competition horses including Grand Prix horses such as Utopian Cardinal, Werribee CDI-W champion last month with scores from international judges of up to 72.50%, Mindarah Park Ramadan (Mary Warren), and Rubenesque (Shaun France) - just to name those in the Hunter area. Other offspring are winning at PSG and Intermediate I levels. Weanlings by Regardez Moi have also been outstanding successes in the auction arena, averaging as much as \$17,000 in past auctions. We firmly believe that Regardez Moi offspring will make a great contribution to Australia performing brilliantly at the Olympic Games in the near future. Live cover only.

Palomino stallion 17.2hh 2004

AOS goes to great lengths to ensure that we have the stallions with the best Grand Prix genetics in the world - this is one of them, and Byalee Briar is the only stallion in Australia by Bjorsells Briar 899 who is shaping up to be competitive and startlingly spectacular. Briar has had a quiet beginning to his career, but Ann-Maree has never given up on her vision and his schooling is now allowing those genetics and underlying talents to come to fruition. Briar is showing signs of realising his promise and is responding positively to schooling in piaffe, passage, tempi changes and pirouettes. He is now finding new gears that make him very exciting! And – he is the sire of the Auction of the Stars' record-setting sale, Byalee Breathless for \$72,600 just in December. Unbroken youngstock sell for up to \$16,500 on farm. Briar is completely focused on a pathway to Grand Prix, but having said that, the information we are getting is that he is also throwing serious jumping talent. Bjorsells Briar 899 (elite-listed stallion) was for seven years the world's number one dressage breeding stallion. However, he actually scored higher for jumping than dressage at his stallion testing, as did Briar's dam sire, Bernstein, another elite-listed Swedish warmblood. Briar has an advanced level qualifying average of more than 65% and we look forward to even better to come. Briar is renowned for his amazingly calm temperament and buyers are enthusiastic about his youngstock, which inherit his statuesque conformation and athletic ability. Live cover only.

Unfortunately Jive Magic was injured and so did not continue his campaign as a top Grand Prix competition horse. He did, however, earn a reputation of being the most powerful Grand Prix horse in Australia. Jive Magic won some of the biggest Grand Prix competitions on the circuit, including the prestigious Sydney CDI. As a sire, Jive Magic is experiencing huge success. His very first foal went Grand Prix and is called Jeff the Chef. Jeff the Chef is campaigning in the USA, while in Australia, Johnny Depp moved into the Grand Prix arena when just 7yo, with outstanding success at the age of 8. At State and national championships and in young rider classes, as well as in young horse classes, Jive's offspring have been winning championships, while Rozzie Ryan is campaigning champion Grand Prix horse Jarrah R. Just Dance (Katina smith) has recently chalked up his first wins at PSG and Inter I, while Jazzki won the 5yo young horse class at Dressage with the Stars 2013. Quando Quando represented Australia in 2006 at the WEG in Aachen, Germany, and at the 2008 Olympic Games in Hong Kong. Quando has the most amazing temperament and this has found its way all the way down to Questing R. Quarterback, the sire of Questing R, was the Bundeschampion 3yr old riding horse. He scored a 10 for his rideability. On Quarterback's dam line is Poesie who is by Brentano II. Poesie is the mother of Poetin who won the Bundeschampion as a 3yo, 5yo and 6yo. Poetin sold 2.5million! Questing R's dam is by Brentano II out of a Wenzel mare. Brentano II is famous for producing international Grand Prix dressage horses including Brentina, winner of the World Cup Final in 2003 at Goteborg, Sweden. Fiji R has consistently posted scores of up to 75% throughout his career, qualifying for Australia's elite international, Sydney CDI, State and national championships. Fiji R has the quietest of temperaments and often will be found at Young Rider competitions with just Breanna and her Mum as rider and guardian. This temperament Fiji R passes on to his foals, who have sold for as much as \$35,000. Fiji R has quite remarkable paces with a very distinctive walk. Trot is fully suspended with a definite ballerina poise between beats. Canter is beautifully balanced and uphill with super easy flying changes. Fiji R is sensationally bred with his sire Florencio being both the 5yo and again the 6yo World Champion young dressage horse. Florencio I is by Florestan I who has emerged as one of the recent very important dressage lines in Germany and who has a number of Olympic offspring to his credit already. On the dam line is a mix of Trakehner through Hohenstein and thoroughbred through the Hill Hawke line. Wow is a stunning little stallion, winning official elementary dressage on more than 70%, medium level on more than 67%, and training tempi changes and piaffe. Wow is being campaigned by Dimity Lourey, and like mother like daughter, she is completely focused on training him to Grand Prix level. This will be the first horse that Dimity has trained herself to that level, but we have every confidence in Wow. He is a stallion with a great temperament, naturally sound and although few people make this journey to Grand Prix with success, watch this spot! Dimity is going to be one of them and the AOS stallions do have an unbelievable history of going all the way to Grand Prix. You would have to think that when AOS suggests a stallion is going to go all the way, history says you have to sit up and take notice. It's all in the genetics – AOS was way ahead of our time when we ensured that we bought in the best bred stallions. Wow is by Wie Weltmeyer, a top showjumper and Grand Prix dressage horse before his international dressage career with Emma Hindle (UK). He is out of the impeccably bred TB mare Law Suit, who descends from the highly sought-after bloodlines of Son In Law, Blue Peter, Precipitation and Vain to name but a few.

Dark brown stallion 22/11/08 16.2hh

Constable is by the sensational eventing stallion Contenda who until recently was being ridden by Shane Rose at two-star eventing level. Contenda is battling an injury and may well have to retire but there are some absolutely sensational photos of Shane and Contenda jumping on the net. Contenda carries the fantastic jumping blood of Contender from Germany. Contenda also carries the TB blood of Bolero. Indeed the Bolero bloodline in Germany is today considered a dynasty. On the dam line are equally impressive bloodlines. Constable is out of the mare Wimborne Paint it Black who in turn is by Gribaldi. Gribaldi is famous for siring many of the Dutch Grand Prix dressage horses including Totilas. Totilas is considered by many to be the best dressage horse the world has ever seen to date. Totilas sold to Germany for a rumoured A\$22million. Constable has started his eventing career with Heath Ryan in the saddle and is now a year into competition. Constable has been a standout success winning most of his starts and progressing rapidly to 1* eventing, the equivalent of Prix St George in dressage. Constable wins the dressage, is very brave and honest cross country and does seem to have the most awesome ability to jump and simultaneously be super careful. It is still early days, however, Constable is giving off all the signs of being an Olympic horse. Very exciting.

Quest for Fire R is a really smart colt who is very impressive to look at as well as being a very powerful mover. Quest for Fire R has great spring and expression in all three paces and has the looks and moves to be a sensational competition horse. Quest for Fire R is by our newest addition Questing R who has just hit the competition scene winning his first test with a huge 83%. Questing R is by Quarterback and carries the Quando Quando bloodline. Quando Quando represented Australia in 2006 at the WEG in Aachen, Germany, and at the 2008 Olympic Games in Hong Kong. Quando has the most amazing temperament and this has found its way all the way down to Questing R. Quarterback, the sire of Questing R, was the Bundeschampion 3yr old riding horse. He scored a 10 for his rideability. The dam line is equally impressive being out of the Regardez Moi mare Rainy Morning R. Regardez Moi himself needs no introduction and our confidence in this line is such that Rainy Morning R's full sister was the mare we chose to put in foal to Totilas, which has produced the mare Tawny Morning R, to be retained by the Ryans. This is our first foal by Questing R and we sincerely hope that he will find a partner to take him all the way to the top.

BZ Flynn has three amazing paces that are sure to make him a superstar. BZ Flynn is by the Grand Prix stallion Fiji R, who is just the best-tempered horse and passes on just the best temperament to all of his offspring. BZ Flynn is no exception and is quiet, polite, interested in learning, always tries hard and is possibly the best young horse I have ever bred. Fiji R is also the sire of BML Femme Fatale who is in WA with Corrie Andrews and Tracey Diederich and is the most amazing jumper. Also by Fiji R is Fireworks R who topped AOS Sydney in 2014, and who has gone from strength to strength with dressage scores of more than 80%. Fireworks R is one of the oldest Fiji Rs and is showing super talent in piaffe, passage and flying changes at the tender age of five. BZ Flynn was started under saddle in February being broken in by myself (Bree Tillitzki) and I am proud to say he is going sweetly under saddle and is clearly talented. BZ Flynn is a full brother to BZ Fortune Cookie who was sold to Dorothea Lungershausen and is out competing with Riley Alexander and is scoring more than 70% and winning at prelim and novice. BZ Flynn is out of the matriarch mare Lucilla. Lucilla is a full sister to Stirling Liberty who was campaigned by Olympian Gavin Chester. Stirling Liberty jumped World Cup at 7 years of age and sired Snowy River Blackwood (Di Jenkins), one of Australia's top Grand Prix horses. Lucilla is the great-granddam of Mystery Whisper who represented the USA at the 2012 London Olympics. BZ Flynn has the breeding to be a star in dressage or jumping.

Tomfoolery R is a very quiet, dappled grey gelding and has competed successfully in eventing up to and including one star. He is a careful and straightforward jumper and would look after a junior rider. Tomfoolery R is bred to be a top-of-the-range eventer and at the time of writing his last start at the Tamworth CNC 105 he placed 2nd. We expect Tomfoolery R to have his next start at Quirindi CCI in the one star. The weekend after competing at Tamworth was Tomfoolery R's first FEI dressage start where he was 4th in Prix St Georges and 2nd in his very first Inter I. Tomfoolery R is good in shoulder in and half pass in both trot and canter. He has really good extensions, super flying changes, established tempi changes down to changes every second stride and has started training one-time changes. Tomfoolery R has started a bit of piaffe and shows a lot of talent in that area. Tomfoolery R is very quiet and very sound. Tomfoolery R is that rare horse that can perform at the high levels but is still happy to go for a trail ride. It is very rare indeed to have a horse as versatile as Tomfoolery R. It is even more rare to have a horse who is so capable in the two disciplines. It is really very rare for a horse so young to be so advanced. His sire, Gwaihirs Zodiac, was a successful eventer until injury cut short his promising future. Gwaihirs Zodiac is by the Italian import Zadkine (Laurie Morgan 1960 team and individual gold medallist, Rome Olympics) who carries the proven jumping lines of Grey Sovereign.

Argentille Phoenix is training at medium level with good laterals, purposeful paces, attractive conformation and a wonderful temperament. He offers lightness to aids, is responsive and will give someone much confidence to learn the higher movements.

He is suitable for most riders and, in particular, a young rider wishing to gain confidence with their first warmblood, or an older mature rider wanting a horse that really doesn't require loads of work and is a pleasant safe ride and really wants to be your friend.

Phoenix would make an ideal Show Hunter. In fact he competed at Cessnock Show this year for three wins, two seconds and Reserve Hunter Hack Champion. The judge commented that he was the perfect Hunter type and he was "just excellent".

He is user-friendly, totally uncomplicated to ride and handle. Absolutely no lunging even after time off or in a new environment. He loves to hack out, and is easy to do everything with. He has had some solid training under his belt with a professional rider, and is currently campaigned by a junior rider, is a proven junior's dressage mount and is always in the placings with scores up to 66.7%.

Jonquil R is by the Grand Prix dressage stallion Jive Magic. Jonquil R's dam line is seriously impressive. Jonquil R's dam, Shannon R, was possibly the most successful dressage broodmare in Australia today. Shannon R is the dam of Daylight who went to Grand Prix with Breanna Burgess in Germany, Don Romeo who went to Prix St Georges and was about to start at Grand Prix level with Sue Hearn, however this was interrupted when the horse was imported to England, Don Rivera who won at Prix St Georges level with Rozzie Ryan, Donna Carina who represented Australia in Germany with young rider Megan Bryant in the saddle and Jeff The Chef W who is Jive Magic's first-ever foal and who went Grand Prix and is now in the USA with Grand Prix rider Sylva Martin. Significantly Jonquil R is a full sister to Jeff the Chef W. Jonquil R, through her mother, carries the Salute blood, which is probably the most significant bloodline in Australia when it comes to international Olympic discipline horse in dressage and in eventing. Grand Prix dressage horse Victory Salute with Brett Parbery in the saddle placed 9th in the World Equestrian Games in Kentucky USA. To purchase a Grand Prix horse capable of placing in the top 10 placings in the world you would need to have perhaps five million Australian dollars in your pocket, which you were prepared to spend! Grandsire Quaterman was an advanced level sire and Bundeschampionship finalist in 03, 04, and 05. His sire Quando Quando competed in the Athens Olympics. To date, Quarterback has more than 50 licensed sons including several premium stallions. His foals are highly sought after with many fetching record auction prices in Europe. He already trots like a Grand Prix horse and shows so much ability for the high end work. He may have some age up but has absolutely no wear or tear on his legs, which makes him mature-minded.

He naturally lifts and propels himself effortlessly and lowers the quarters when touched with the whip. He only needs a patient and confident rider with big ambitions to carry on his training. He has done limited shows with impressive results, is rarely beaten and is always in the top two placings. He is outstanding to take out and handles the buzz of the show atmosphere well.

Pintor is suited to a confident rider only. He is good in big groups of horses out at shows, travels well and really loves to have a cuddle and bond with the one person. Because of this, Ashwood Park Equestrian offers three weeks or 15 individual lessons for free so we can really get you going with him. What a package! A filly boasting Grand Prix stallions on both sides - and a mare, daughter of a Grand Prix stallion and a sensational mover - and a service to the most winning Grand Prix dressage stallion in Australian history. Byalee Jem is by Jive Magic out of a TB mare who was jumping B-grade fences and performing piaffe easily. An excellent mother and superb broodmare, Jem has been trouble free. The filly, Belle, is as her name suggests, beautiful. Showing all the promise of her illustrious pedigree, Belle has been displaying her potential since birth. Clever and highly trainable, Belle shows all the right movement in the paddock, but what else would you expect from such a spectacular pedigree? Great-grandsire, Jazz, represented Holland as an international Grand Prix horse at the 2002 WEG in Spain. Grandsire Jive Magic earned the reputation of being the most powerful Grand Prix horse in Australia before injury cut short his campaign. Her sire needs no introduction – the amazing Regardez Moi. Bay gelding 5/12/14 mature 17hh

The aptly named Universal is equally well bred for and suited to all Olympic disciplines. His star-studded pedigree reads elite performance on every line. Sire Unanimous (a 5yo) is competing at elementary level with scores in excess of 70%. Sire Uphill was Dutch advanced champion and Uphill's dam is by WEG (2014) contender Johnson (Jazz x Florestan). Many of Unanimous's first foals have been awarded elite status at ace classification. Now we add the equally impressive dam's side. Landers Ruby is the dam of a stunning Quaterback mare, a promising jumper by Calgary and a magnificent stallion by Jazz. Ruby's sire Lander produced many performance horses including London Olympian Holstein Park Leilani who went on to win the eventing at Aachen the following year. Ruby's sire Rocadero was German champion of the Holsteiner classification in 1982. Rocadero produced competitive offspring in all disciplines including GV Bullwinkle, who was on the reserve list (dressage) for the London Olympics with Rozzie Ryan. On the base line of the pedigree is the imported mare Maurikel who produced A-grade showjumper Emmaville Charm for Grant Hughes and is the granddam of many successful dressage horses. Universal does not only have the genetics of an elite athlete, he also displays the talent for dressage with three correct ground-covering paces and a flair for jumping with super technique. Combine this with a sensitive but really sensible temperament - and you have the beginning of an Olympic dream. Gruyere filly 25/08/13 mature 16.2hh

Mallyon Hills Whistler carries genetics that would excite the aspiring eventer. She is by the eye-catching, and very talented Wimborne Constable, but also carries thoroughbred lines on the dam side leading back to Agricola and Star Kingdom via the mare Harvest Jasmine. These lines are almost cliché 'name dropping' blood lines. Many a purest in the eventing world would like to see a degree of thoroughbred blood present in the genetic profile of eventers. This tends to provide more speed and endurance on the cross-country course. So when this is combined with genetics such as Constable's, the potential is very exciting. Whistler displays a three correct paces, with huge over-track, snappy hock action, and exaggerated elevation. The photo in the catalogue was taken on her third-ever jump lane session. She very quickly learnt the job, and sailed over the jumps with ease. Her bascule is close to perfect. Whistler being a rising 3yo is well handled and ready to start her riding career (and we need to get bigger jumps!). Check her out at <https://www.youtube.com/watch?v=8u2XXpM63z4>.

Liver chestnut mare 11/11 16.2hh

This filly is outstanding and is a proven breeder, having a cracking foal last year. She is broken in and could take her career forward either as a broodmare or as a top dressage prospect. Her pedigree is as good as it gets – to quote The Horse Magazine, ‘there is no going past’ Sir Donnerhall, who is sired by the well-known Sandro Hit, a stallion who has sired more dressage sires than any other stallion of modern times, about 100 at last count. On the dam line, Contenance D is by Donnerhall, the most successful stallion maker of the big three in dressage. One of the other two, Weltmeyer, is represented on the dam line of this mare, being the granddam of HB Welt Matisse. With such blue-blooded pedigrees on both sides, it is almost impossible to imagine that Sophia would not excel in the competition arena or create another generation of outstanding horses for the Olympic disciplines. A great opportunity!

Fairbanks Ruff Diamond, known as Rudi in the stables, is a quality 11yo warmblood who is EA, SHCA and AWAH registered. Rudi has done some showing with previous owner but has since only been ridden for pleasure and basic dressage due to health and time constraints of current owner. Rudi thrives on consistent work, loves attention and is a pleasure to have around - easy to clip, shoe, float etc. Rudi would ideally suit a rider who has time to continue the professional work he has recently received and unlock his full potential. Rudi is currently at the Ryans schooling with Cathryn Herbert and is really coming along. He has started jumping and is proving to be brave and straightforward and we expect him to be confidently jumping small showjump and cross country courses in the next few weeks. He is entered in the next local dressage day and will continue his dressage schooling. Rudi has an excellent work ethic and has lovely swing through the back with excellent medium trot. He is soft and willing to ride.

Quando Quando represented Australia in 2006 at the WEG in Aachen, Germany, and at the 2008 Olympic Games in Hong Kong. Quando has the most amazing temperament and this has found its way all the way down to Questing R. Quarterback, the sire of Questing R, was the Bundeschampion 3yr old riding horse. He scored a 10 for his rideability. The dam of Queen Bee R, Jonquil R, is every bit as spectacular in that she is a full sister to Jeff the Chef W who right this moment is competing Grand Prix in the USA, initially with Silva Martin and now with Michael Baritone. Interestingly enough, Jeff the Chef W was the very first foal ever to be born by Jive Magic. Jive Magic has often been described as Australia's most powerful Grand Prix dressage horse. Shannon R, the granddam of Queen Bee R, is by Salute, who in turn is the sire of Victory Salute who placed 9th at the 2010 World Equestrian Games with Brett Parbery in the saddle. Shannon R is also the dam of five FEI dressage horses Jeff the Chef W (Grand Prix in USA), Don Romeo (Grand Prix in the UK), Daylight (Grand Prix in Germany) and Don Riveria (Prix St Georges in Australia).
